NO POVERTY

- 1. Title of the Program :** Distribution of blankets in extreme winter for the villagers (Sugabandh)
- 2. Organizing Department / Cell :** NSS & AICUF
- 3. Date/Duration :** January 11, 2023
- 4. Number of Participants :** Students - 30
- 5. Detail description of the event:**

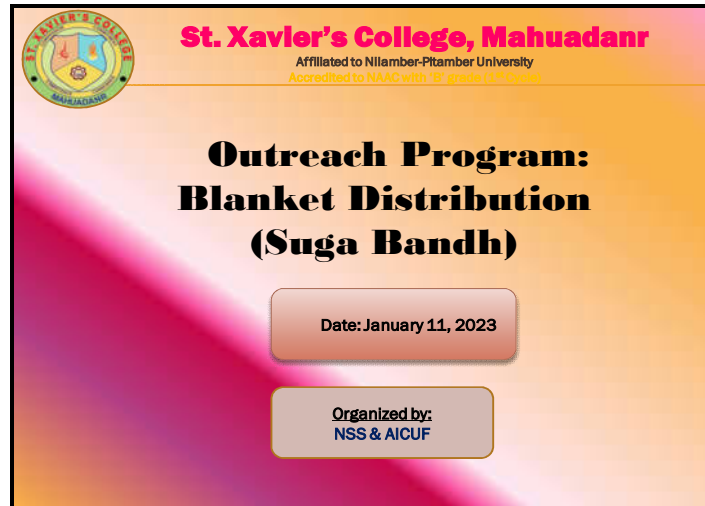

Under the banners of the NSS and AICUF units of St. Xavier's College, Mahuadanr, a group consisting of the Principal Dr. Fr. M. K. Jose, Four Assistant Professors and four students of the institution visited Sugabandh, a remote Brijjiya primitive tribe dominating village of Mahuadanr block on January 11, 2023. The group explored the area and gathered the villagers under a tree. They interacted with the villagers and came to know that there are no basic facilities like roads, Pukka houses, clean drinking water, clothes and electricity in the village and most of the villagers are uneducated.

The group distributed thirty blankets and woolen clothes to the villagers to survive in this bitter cold. The students and professors closely observed rural life and tried to understand their problems. Fr Principal Dr. M.K Jose addressed the gathering and said that the college is committed to working for the upliftment of the underprivileged people of society. It is committed to bringing positive change in society through various activities. Fr. further added that the institution understands its social responsibility

- 6. Outcome:** The distribution of blankets provided immediate relief to the villagers facing extreme weather conditions, showcasing the effectiveness of targeted outreach programs in addressing urgent needs. The act of distributing blankets generated a positive perception of St. Xavier's College as a socially responsible institution actively contributing to the well-being of marginalized communities

Zero Poverty

1. **Title of the Program :** Distribution of Rice and Cloths
2. **Organizing Department / Cell :** NSS
3. **Date/Duration :** September 03, 2022
4. **Number of Participants :** Students - 35
5. **Detail description of the event:**

On the occasion of International Day of Charity, theNSS organized in the collaboration of Botany Department a Social Outreach Program on September 03, 2022 at Putrungi village located about 10 Km away from St. Xavier's College, Mahuadanr.

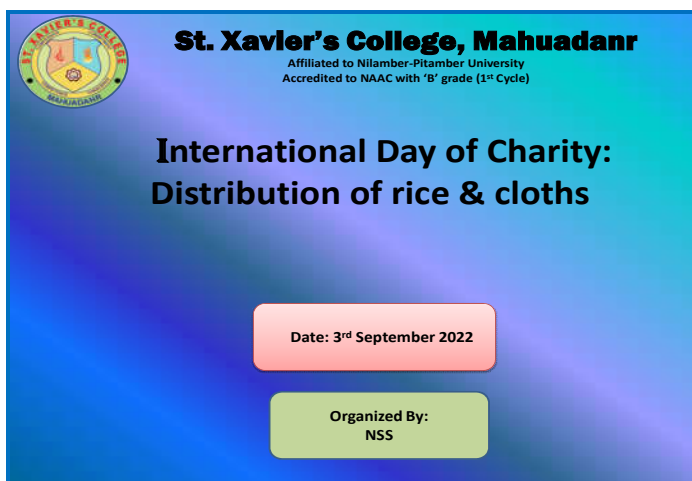

At the outset, the principal of the College, Fr. Dr. M.K. Jose mentioned that the college's focus is not only on the theoretical dimensions of studies of the students but also on the positive change and development in society.

Subsequently, the students presented an Educational Skit. Finally, the Professors and students distributed rice to every poor family of the village and clothes to those in need of them. The Headmistress of the Government Middle School, Mrs. Lusyanti Toppo appreciated the program. The Sarpanch of the village, Mr. Surjit Toppo, also appreciated the program and expressed his gratitude towards the principal and all the Professors of the College.

Everybody found the initiative very meaningful.

6. **Outcome:** The outreach program focused on the distribution of rice and clothes had significant positive outcomes, demonstrating the impact of targeted efforts to address essential needs within communities.

Good Health & Well being

1. **Title of the Program :** Prevention of COVID- 19 Mission 2nd Phase
Feed the Hungry
2. **Organizing Department / Cell :** NSS
3. **Date/Duration :** October 17th to 21st 2020
4. **Number of Participants :** 10
5. **Detail description of the event:**

The task force team purchased food materials and packed them in different bags to be taken to the identified needy villages from 17th to 21st October 2020. The team reached out to the most primitive aboriginal Korwa tribe of *KurundKatalToli, Sohar Path, ChhappiPath, Dathukhar, Injothkhar, Udalkhar, Myle, Baraiks* and *Lohars*. The team made the door to door visit of the houses of these villages and distributed food materials and masks and also promised to help them in future if the dead lock caused by the lockdown continues. It was a real relief for the Aboriginal Korwa Tribe who resides either in the outskirts of the mainstream villages or in the middle of the jungles. It was also revealed that some of the families of this socially, educationally and economically backward primitive tribal community were not having ration cards and not receiving ration food items.

Outcome: The mission not only prevented the spread of COVID-19 but also demonstrated a commitment to holistic community well-being. By feeding the hungry, the initiative helped create a stronger, more resilient society, emphasizing the interconnectedness of health and socio-economic factors.

2. **Organizing Department / Cell :** NSS
3. **Date/Duration :** October 7-11, 2020
4. **Place:** Kala Kuro & Rajdanda
5. **Number of Participants :** 10
6. **Detail description of the event:**

The Principal of the college, Fr. Dr. M.K. Jose contacted online the administrative staff, NSS Program Officer, some of the Alumni Association members and a few students of the college to identify the most urgent needs of the people in Mahuadanr on October 7-11,2020. After the problem identification, the principal constituted a Task Force under his leadership consisting of Fr. John Tirkey, the Administrator, Sr. Kaslin Juliet, Vice-Principal, Sr. Mariana Marki, the college Hostel Warden, Mr. Maxentius Kujur, NSS Program Officer, Miss Romio Kujur, Alumni Association member and Miss PremaXalxo, (Chemistry Honours, Part-3) students' representative for timely intervention to respond to the urgent needs of the people. The Task Force soon became operational and went about achieving the set goals of the college. As there were no masks available in Mahuadanr due to the sudden and unexpected lockdown, the college by its own effort made available one thousand masks for distribution among the people. On the first day of the first phase of the Prevention COVID-19 Mission, more than 500 masks were distributed to the public, who were coming to the market and in the villages of Kala Kuro and Rajdanda. While distributing the masks among the people, the team also maintained the much-needed social distancing and explained to them the importance and urgency of wearing masks and remaining at home to save their lives. This message of the Task Force team was well received by the people. And this work was carried out from 7th to 11th October 2020.

Outcome: The first phase of the Prevention of COVID-19 Mission yielded significant success in curbing the spread of the virus and safeguarding public health.

2. **Organizing Department / Cell :** YRC
3. **Date/Duration :** April 06, 2019
4. **Place:** Dipatoli
5. **Number of Participants :** Students - 15
6. **Detail description of the event:**

An outreach program was conducted by the department of Botany in Collaboration with YRC at Dipatoli village with an objective to promoting the safe handling and consumption of animals and animal products. This program is designed to educate communities, especially in rural and underprivileged areas, about the proper methods of handling, preparing, and consuming animal-derived foods and to practice safe handling when dealing with animals and animal products. Participants will learn about the significance of maintaining hygiene, washing hands, and sanitizing equipment to prevent cross-contamination. By instilling these practices, we can significantly reduce the incidence of food borne diseases, leading to improved public health. This initiative is a crucial step towards a healthier, safer, and more sustainable future for both humans and animals.

Outcome: The focus on safe handling and consumption of animals and animal products in the village resulted in a significant improvement in public health and the reduction of health risks associated with livestock.

Medical Camp

1. **Title of the Program :** Blood test Camp (Regain Village)
2. **Organizing Department / Cell :** YRC
3. **Date/Duration :** April 30, 2019
4. **Number of Participants :** Students- 15
5. **Detail description of the event:**

The YRC of St. Xavier's College, Mahuadanr headed by the Principal of the College Dr. M. K. Jose and in collaboration with Carmel Hospital and the Department of Botany of St. Xavier's College conducted a blood test camp in Regain village of Mahuadanr subdivision on April 30, 2019 as part of the extension activities with the help of IQAC coordinator Sr. Kaslin Juliet and two medical Sisters Vandana and Jelsi. About 150 samples of blood were taken to check their blood group and hemoglobin. The finding of the study was that the hemoglobin level of the people was on the average; the Hp level varies from 7 to 13 which is only average. The villagers cooperated with the program and were happy that number of people came to know about their blood group as well as the hemoglobin level.

Outcome: The blood test camp successfully raised awareness about the importance of regular health check-ups and the significance of blood tests in preventive healthcare. Community members gained knowledge about the role of blood tests in early detection and management of health conditions.

The IQAC in association with the NSS Committee organized the first vaccination drive for students and staff above 18 years of age at St. Xavier's College, Mahuadanr on 22nd September 2021. A team of nurses from the Local Public Health Centre came here with all the equipment and medicines to conduct the vaccination drive. The college has provided a secluded area for the privacy of everyone who got vaccinated. The drive began with the welcome note by Fr. Principal. Fr. also encouraged the students and professors to get vaccinated. Mr. Neet Nitin Surin, SDO, Mahuadanr was also present to motivate the students and staff of the college to get vaccinated. Sir motivated the students to take vaccines to protect themselves from COVID-19. Around 150 people got vaccinated with the first dose or second dose. Fr. Appreciated the efforts made by the IQAC, NSS Committee and Local Public Health Centre for organizing the vaccination drive successfully.

Outcome: The camp successfully achieved a high rate of vaccination coverage within the local population. A significant proportion of eligible individuals received COVID-19 vaccinations, contributing to community-wide immunity and reducing the spread of the virus.

On April 22, 2022, Youth Red Cross unit of the college in collaboration with Department of Botany and Carmel Hospital, Mahuadanr organize a free medical camp for all the students, staff and parents to spread awareness about health check- up and maintaining a healthy life. The program started at 2:00 pm with the introductory speech given by our respected principal Dr. Fr. M. K. Jose. Free height/ weight, BMI (Body Mass Index) test, BP check-up, Oxygen level test, Heart rate was set up inside the college premises. The students of botany department along with the youth Red Cross volunteers came forward to manage the queue and the crowd. One doctor along with two nurses were present in the camp. After checking up the patients, some of the required medicines were also prescribe to them. The college authority has promised to organize such medical camps every year for students as well as for the local people of this area. The program ended with a overall report by the doctors about health of students and teachers which said we all were healthy and can improve. The YRC coordinator thanks all the doctors and nurses for their time and consideration for the college.

Outcome: The medical camp successfully raised awareness about various health issues and preventive measures within the local community. Educational sessions and materials provided valuable information on maintaining good health and preventing common illnesses.

A free dental camp was organized by Department of Botany in collaboration with NSS and YRC unit of St. Xavier's College, Mahuadanr on July 16, 2022. The Dental camp was inaugurated by the Principal Fr. Dr. MK Jose. The Principal said that the college has been organizing various programs to fulfill its social responsibility along with education. Such events create awareness among the students and also lead to their all-round development. The main objective of organizing this camp was to create awareness among the students about dental hygiene and care.

A team of specialist dentist Dr. MM Alam was present in the camp. He examined the teeth of hundreds of villagers and students as well as explained how to brush them. He talked about not consuming any kind of tobacco and brushing twice in the morning and evening. People should get their teeth checked by a dentist at least at an interval of 6 months. There were more patients of dental disease pyorrhea, cavity in the camp. Medicated toothpaste, brushes and medicines were also distributed among hundreds of villagers and students on the occasion.

In the end Principal Fr. Dr. MK Jose thanked dentist Dr. MM Alam, Anima Nagesia and her team as well as all the faculty and students for successfully organizing the camp.

Outcome: The campaign successfully raised awareness about the importance of oral health within the local community. Community members gained knowledge about proper dental care practices and the significance of regular check-ups.

Quality Education

1. **Title of the Program:** Each one –teach one
2. **Organizing Department / Cell :** NSS
3. **Date/Duration :** February 16, 2023
4. **Place:** Rampur
5. **Number of Participants :** Students -21
6. **Detail description of the event:**

Each one –Teach one program was organized by the NSS Committee & Department of Physics on February 16, 2023 at Rajakiykrit Madhya Vidhyalay Rampur School at 10 am. The program was organized in a view to inculcate the importance and necessity of creating a society which is literate, educated and responsible. The program was well-planned, and everyone contributed whole heartedly for the success of it.

The students and faculty members of the NSS Committee & Department of Physics gathered at Rajakiykrit Madhya Vidhyalay Rampur School at 10:00 am and were welcomed by the students of Rampur School. The main purpose of the program was introduced to them. The students put up a short program to create interest in the students towards learning. Then each student of the College picked a student of the School and taught them basic lessons. The students heartily enjoyed the interactive classes. Mrs. Prabha Toppo, the Headmistress profusely thanked the students for their marvellous contribution in helping the students of the School.

The program ended with a happy note of great satisfaction of both the college school students. The children were motivated to learn well and better.

Outcome: The initiative successfully disseminated knowledge within the community through peer-to-peer teaching. Individuals who possessed specific skills or information shared their expertise with others, contributing to a more informed and educated community.

5. **Detail description of the event:**

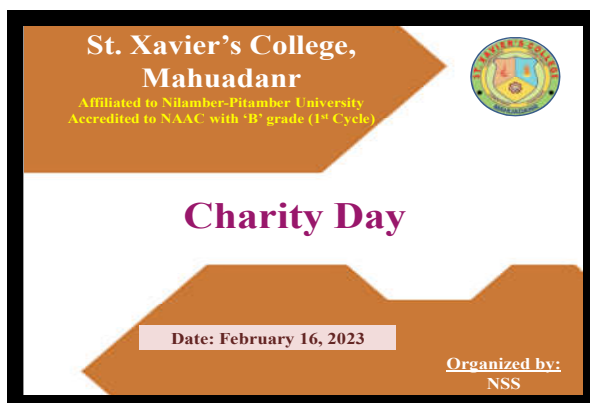

Charity Day was organized by the NSS Committee & Department of Physics on February 16, 2023 in Rajakiykrit Madhya Vidhyalay Rampur School. The program began at 11.30 am. The main purpose of the program was to arouse the feeling of compassion in the students for the underprivileged in the Society. The program was meticulously planned and executed.

All the students and the faculty members assembled at Rajakiykrit Madhya Vidhyalay Rampur at 11.30 am. The Chief Guest of the program was the Principal of SXCM, Fr. Dr. M. K. Jose. The headmistress of the school extended a warm welcome to all. Fr. Dr. M. K. Jose appreciated the noble of gesture of the students in contributing towards providing note copies and pencil bag to each student in the school. The note copies were distributed by the Chief guest Fr. Dr. M. K. Jose, Asst. Prof. Zafar Aqubal, the HOD of Physics Department, Asst. Prof. Sr. Jolly K. Thomas, Asst. Prof. Ajay Kumar Saw, Lab Technician Dipika Kujur and all the students of the Department.

Though the students put up a short program, it brought smile on the faces of the children. Everyone returned from there with great satisfaction of having contribute their part for the underprivileged sections of the Society.

Outcome: The distribution of note copies and pencil bags increased students' access to essential educational materials. Having the necessary tools readily available positively impacted their ability to engage in classroom activities and complete assignments.

6. **Detail description of the event:**

On October 15, 2022, on the occasion of the International Day of Rural Women, an Awareness Program was conducted by the NSS Committee with the collaboration of Botany Department of St. Xavier's College, Mahuadanr at Putrungi village. The purpose of this program was to highlight the importance of education among the rural people.

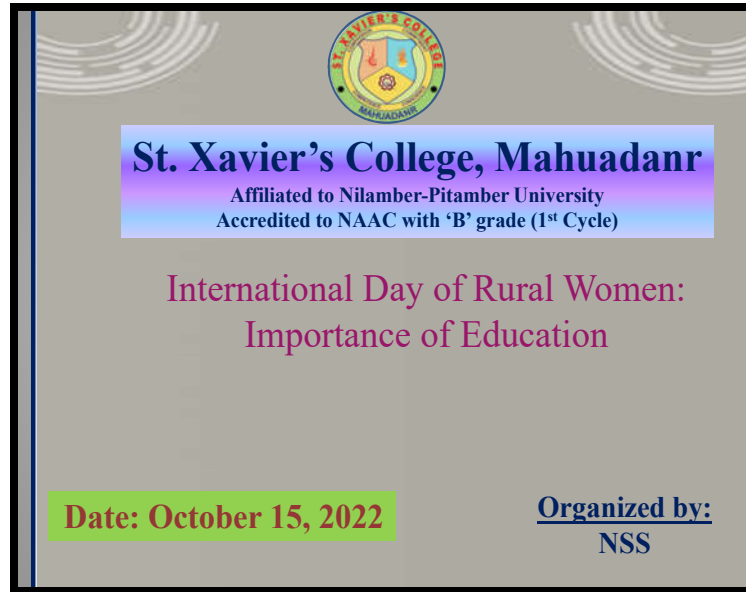

In the welcome address, Asst. Prof. Shalini Bara emphasized the importance of education which is a fundamental right of every human on this planet. Education is foundational for everyone's growth and development. Ms. Rekha Baxla, a 3rd Semester student delivered a speech on why education is equally important for women. Ability to read and write, make calculations, know history, geography, science, politics etc. gives them a sense of self-worth and freedom. Women's education will bring about transformation in family and social. Illiteracy is a social evil that works as an impediment human progress. The students interacted with the villagers and motivated them to send their children to the local Anganbadi or any near-by government school.

At the end, the Principal Dr. Fr. M. K. Jose met the village children and encouraged them to go to school regularly. He appreciated the college students and staffs for conducting the Awareness Program on the importance of education for the rural people. The program was very effective.

Outcome: The event successfully increased awareness of the crucial role that rural women play in the village. Emphasizing their contributions highlighted the significance of recognizing and supporting the diverse roles women play in the community.

The NSS Committee & Department of Botany of St. Xavier's College, Mahuadanr organized an 'Outreach Program' as part of its Extension Activity on October 17, 2022 at Rajkriya Madhya Vidhyalaya, Rajdanda. The main purpose of this event was to educate and guide the students of the school.

The students of Second and Third Year along with their teachers visited the school. As pre-planned, the students formed into three groups and went to different classes with well-planned lessons. Besides regular teaching, the students were encouraged to take part in the co-curricular activities organized by the school. In the concluding part of the session, a short quiz was conducted for the students to help them remember the topics taught in the class. All the students were provided with a copy and a pen as a gift from the management of the college.

At the end of the program, the HOD of Botany Department, Sr. Kaslin Juliet thanked the principal of the school for allowing the activity to be conducted in the school.

Outcome: The distribution of copies and pens ensured that all students had access to basic learning resources. This initiative helped eliminate barriers to education and created a more inclusive and equitable learning environment.

2. **Organizing Department / Cell :** NSS
3. **Date/Duration:** September 20, 2019
4. **Number of Participants :** Students -33
5. **Detail description of the event:**

The NSS Committee & Department of Hindi has organized an outreach program on the existing issues related with participation of women in decision-making. Workshop was organized in by our students to make aware of the women's right and holding positioning decision making process. Autonomy is a hallmark of an innovative culture. The ability to make decisions for yourself enhances motivation, which in turn contributes to higher levels of performance and well-being. Women are often dynamic leaders of change, who galvanize women and men to get involved, to claim their rights, and strengthen their communities' salient. The low levels of women's participation in leadership are often attributed primarily to patriarchy or male dominance. The main target was fulfilled by bridging the gap between the gender equality.

Outcome:The campaign successfully contributed to an increase in the representation of women in various decision-making bodies, such as community councils, boards, and leadership positions. This helped bridge the gender gap in decision-making structures.

6. **Detail description of the event:**

On March 7, 2022, Gender Equity cell along with the Departments of English and Chemistry along with the chief speaker Mrs. Manina Kujur, Member, Zila Parishad, visited Ahirpurwa to create awareness on the most prevalent social evil “Witch-hunting” amongst the villagers. The village headman gathered people under a mango tree. Asst. Prof. Mukul Toppo addressed the gathering and interacted with them in the local language. Students of the Department of English performed a NukkadNatak (Street Play) to throw light on the burning issue of “Witch-hunting” and its impact on the victims. Mrs. Manina Kujur ma’am addressed the villagers and presented the data of witch-hunting cases due to which many women lost their lives and some of them are still suffering a lot. She emphasized the importance of education in eradicating the evil practice of witch-hunting. Ma’am said that some selfish exorcists put the blame on women for their profit and instigate the gullible people to act according to their will. Fr. John Tirkey said that witch-hunting is the ugliest form of superstition which is prevalent in society. Fr. Further added that education can play an important role in eradicating this social evil from society. In the end, the group interacted with the villagers who took a pledge that they would never support witch-hunting and raise their voices against this social evil. There were many small children of a primary school nearby. Overall, it was a learning experience for everyone.

Outcome: The program successfully increased awareness within the village about the issue of witch hunting. Community members gained a deeper understanding of the myths, misconceptions, and the harmful impact of such practices on individuals and the community.

- 2. Organizing Department / Cell:** Gender Equity Cell
- 3. Date/Duration:** May 07, 2022
- 4. Number of Participants:** Students -56
- 5. Detail description of the event:**

Gender sensitization is the process of transforming men and women's stereotype mentality, a mind-set that strongly believes men and women are unequal creatures that must operate in separate socioeconomic spaces. St. Xavier's College, Mahuadanr is committed to the cause of gender equity. The curricular initiatives undertaken for the purpose include the decision to offer such programs mainstream ideas of gender studies and equip students from science and commerce streams, in addition to those of humanities courses, to become informed consumers as well as ethical participants in popular culture. The Gender Equity Cell & Department of Geography had organized its Gender Equity Program on May 07, 2022. Assistant Professor Keerti Minj and Shephali Prakash took students to Rajdanda village for this program. This program was initiated by the slogan of 'Beti Bachao Beti Padhao'. A street play was presented by students of semester -IV who showed how female foeticide is prevalent in some areas. They gave a strong message to the people to save the girl child. At the end, Assistant Professor Shephali Prakash briefly explained the message of street play. In these program villagers of Rajdanda, students of semester-IV and college staff were present.

These were the goals discussed in the program and focus was given:

- End discrimination against and exploitation of women and girls.
- End all violence and exploitation of women and girls.
- Eliminate forced marriages.
- Value unpaid care and promote shared domestic responsibilities.
- Ensure full participation in leadership and decision making.
- Universal access to reproductive health and rights.
- Equal rights to economic resources, property ownership and financial services.

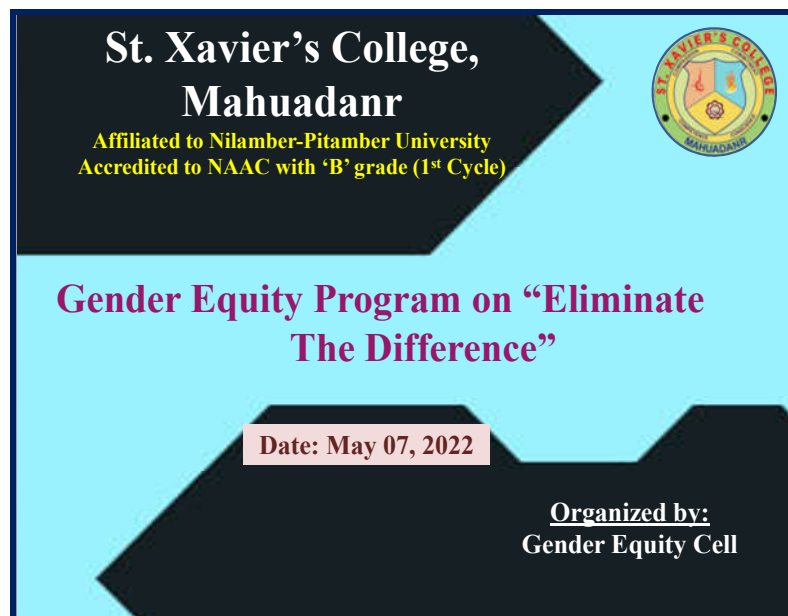

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

- Promote empowerment of women through technology.
- Adopt and strengthen policies and enforceable legislation for gender equality.

The program was very much appreciated by the villagers.

Outcome: The program successfully heightened awareness within the village about the existence of gender disparities and the importance of eliminating them. Community members gained a deeper understanding of how gender differences impact individuals and the community as a whole.

4. **Number of Participants :** Students -49

5. Detail description of the event:

July 11, 2022 is globally observed as 'WORLD POPULATION DAY'. On this occasion an outreach program was conducted by the Eco-Club committee & Department of Geography, under the guidance of Asst. Prof. Keerti Minj and Asst. Prof. Shephali Prakash at Gurgutoli village. The main objective of this outreach program was to bring awareness among the villagers about the impact of climate change. how climate crises especially affects those who are more vulnerable and marginalized and women are being counted among those observed to be more vulnerable to the impacts of the world's poor and rely more on Earth's natural resources

Asst. Prof. Keerti Minj told the villagers about the health risk caused by climate change such as especially to those who are more vulnerable, marginalized and women. The poor and the marginalize are going to be affected most as they depend on the natural resources for their livelihood. Pooja Kumari informed villagers how they are also at greater health and safety risks when sanitation system becomes compromised as a part of the disappearing resources. Students brought awareness among people aware through street plays and slogans. Rajmuni Baraik informed the villagers that gender inequality worsens the situation for women and young girls who are already in fragile living conditions.

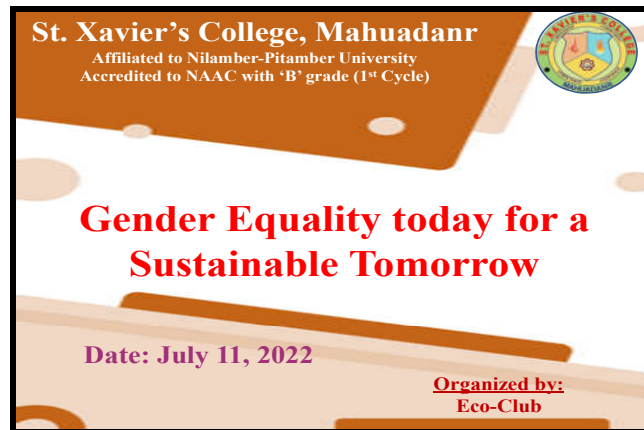

Lastly, the villagers interacted with our students and faculty members. The event concluded with a vote of thanks proposed by Asst. Prof. Shephali Prakash. In the concluding remarks she highlighted that without gender equality a sustainable future and equanimity will remain beyond our reach.

Outcome: The program successfully increased awareness within the village about the importance of gender equality for sustainable development. Community members

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

gained a deeper understanding of how gender equality contributes to a more sustainable and inclusive community.

On October 15, 2022, on the occasion of the International Day of Rural Women, an Awareness Program was conducted by the Botany Department of St. Xavier's College, Mahuadanr in collaboration with NSS at Putrungi village. The purpose of this program was to highlight the importance of education among the rural people.

In the welcome address, Asst. Prof. Shalini Bara emphasized the importance of education which is a fundamental right of every human on this planet. Education is foundational for everyone's growth and development. Ms. Rekha Baxla, a 3rd Semester student delivered a speech on why education is equally important for women. Ability to read and write, make calculations, know history, geography, science, politics etc. gives them a sense of self-worth and freedom. Women's education will bring about transformation in family and social. Illiteracy is a social evil that works as an impediment human progress. The students interacted with the villagers and motivated them to send their children to the local Anganbadi or any near-by government school. At the end, the Principal Dr. Fr. M. K. Jose met the village children and encouraged them to go to school regularly. He appreciated the college students and staffs for conducting the Awareness Program on the importance of education for the rural people. The program was very effective.

Outcome: The program successfully increased awareness within the village about the significance of education, particularly for rural women. Community members gained a deeper understanding of the transformative impact education can have on the lives of women in rural areas.

An Awareness Program on “Gender equity” was organized by the NSS & Department of Commerce on January 28, 2023 in Dipatoli village of Mahuadanr. The Semester III students of the Department of Commerce and Asst. Prof. Rose Alice Barla (HOD) and Asst. Prof. Amrit Minj participated in the program. The main objective of the program was to make the villagers aware about importance gender equality in the society. The program was conducted under the guidance of Assistant Profs. Amrit Minj.

Addressing the villagers (men, women and children), Asst. Prof. Amrit Minj told that child marriage is pernicious to the society. He further stated that even today due to ignorance and lack of awareness our society continues the regressive practices child marriage in spite of its adverse consequences on society. He made a call that this practice has get to stop. He pleaded that the villagers should change their mindset and stop the practice of child marriage.

In the end the villages agreed to what Prof. Amrit said. It was then followed by a good discussion. The villagers agreed that change in thinking is a necessary step towards the eradication of such a social evil.

Outcome: The program successfully increased awareness within the village about the importance of gender equity. Community members gained a deeper understanding of the need for fair treatment and equal opportunities for all genders.

1. **Title of the Program:** Causes and preventive measures of domestic Violence
2. **Organizing Department / Cell :** NSS
3. **Date/Duration :** March 04, 2023
4. **Place:** Bishrampur
5. **Number of Participants :** Students - 48
6. **Detail description of the event:**

The Department of Geography in collaboration with NSS organized an Awareness Program on “Domestic Violence: Causes and Preventive Measures” on March 04, 2023 for the villagers of Bishrampur Village, Mahuadanr. The main objective of this objective of his program was to inform the villager about various causes of domestic violence and the preventive measures against them. Asst. Prof. Dr. Md. Areful Hoque anchored the session and welcomed the villagers.

Speaking on the topic, Asst. Prof. Shephali Parkash mentioned that domestic violence or family violence is the most serious problem in our society. Domestic violence can take the form of physical abuse (beating, pushing) sexual abuse (sexual intercourse without consent) or psychological abuse (threats). The most common causes of domestic violence are poverty and unemployment, lack of education, unsatisfactory life, patriarchy mindset, gender inequality in the family, misunderstanding between husband-wife, extra marital affairs, dowry, etc. She also mentioned the preventive measure against domestic violence such as more emphasis on women education, tolerance, respect, religious teachings, promotion of gender equality, awareness program, more love and affection in the relationship etc. Lastly, the vote of thanks was proposed by Asst Prof. Keerti Minj.

The villagers were very much motivated by this program; they interacted with the faculty members. We extend our appreciation to the villagers for their cooperation and attending despite their busy schedule.

Principal Fr. Dr. M. K. Josh and Vice Principal Sr. Kaslin Juliet played a very supportive role in the completion of this wonderful event.

Outcome: The program successfully increased awareness within the community about the causes and consequences of domestic violence. Community members

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

gained a deeper understanding of the dynamics involved and the impact on individuals and families.

Clean Water and Sanitation

1. **Title of the Program :** Swatch Bharat Abhiyan
2. **Organizing Department / Cell :** NSS
3. **Date/Duration :** September 27, 2018
4. **Number of Participants :** Students-81
5. **Detail description of the event:**

In order to promote Swatch Bharat Abhiyan, a clean campaign program was organized by the NSS unit of the college on September 27, 2018. During this program all the students and professors of the department were present. The objective of this campaign was to promote cleanliness, so that the students can study in the clean and undisturbed environment. All the students participated in this program with enthusiasm. They also promoted "No plastic zone".

Outcome:The program likely led to the improvement of sanitation infrastructure in the village. This may include the construction of toilets, waste disposal facilities, and sewage systems to ensure better hygiene practices.

1. **Title of the Program :** Cleanliness Drive in Rajdanda River
2. **Organizing Department / Cell :** NSS
3. **Date/Duration :** March 11, 2019
4. **Place:** Rajdanda
5. **Number of Participants :** Student - 32
6. **Detail description of the event:**

On March 11, 2019, the students of the Departments of Hindi and Chemistry, in coordination with the NSS, took up the task of cleaning the Rajdanda River, which is situated close to the adopted village of Rajdanda. The participants of this cleanliness drive fished out all non-degradable garbage from the river. They also dug a small pool in the river so that the villagers would get sufficient clean water for regular use. The villagers responded very positively to this Drive and helped the students in the task. At the end, the Professors present in the Drive spoke to the villagers on the importance of keeping the river clean. The villagers took an oath and promised to keep the area surrounding the river plastic-free. A total number of 32 students actively rendered their service to this social cause.

Outcome:The primary goal of the cleanliness drive was likely to reduce pollution in Rajdanda River. Efforts to remove litter, plastic waste, and other pollutants from the riverbed and surrounding areas would have contributed to a cleaner and healthier water environment.

2. **Organizing Department / Cell :** Eco- Club
3. **Date/Duration :** January 29, 2020
4. **Number of Participants :** Students -40
5. **Detail description of the event:**

As part of National Cleanliness Day, an awareness rally was organized by Eco –Club Committee & Departments of Geography and Botany on January 29, 2020. The students, staff along with the principal began the rally from the college campus to Rajdanda village. During the rally, the students showcased using banners, narrating slogans & poems. After the Rally students and staff cleaned the area in order to bring awareness to the people that "cleanliness is next to Godliness". The content of program was song, Nukkadnatak, poem, speeches. The department of Botany threw light on cleanliness and plastic free environment. Inspiring songs were sung by two students that communicated the love towards our mother earth and purity of it. Later on students of the Department of Geography enacted skit, chanted poems and songs to reduce environmental impact of our business activities and develop product solutions that benefit the environment. At the end the Principal of the college, Fr. (Dr.) M.K. Jose, SJ, gave his message to the People of the village.

Outcome: The awareness rally successfully increased public awareness within the community about the importance of cleanliness. Participants gained a deeper understanding of how cleanliness contributes to a healthier and more aesthetic living environment.

3. **Place :** Dumberdih
4. **Date/Duration :** September 19, 2019
5. **Number of Participants :** Students – 22
6. **Detail description of the event:**

The village outreach program on “Eliminating Breeding Sites for Mosquitoes” was initiated to combat malaria and dengue fever, by targeting the reduction of mosquito breeding grounds in rural communities. The program focused on addressing the significant public health issue of mosquito-borne diseases in rural areas, with the goal of reducing mosquito breeding sites and curbing disease transmission. The Program has made significant strides in reducing the prevalence of mosquito- borne diseases in rural communities by addressing mosquito breeding grounds.

Outcome:The primary goal of the program would have been to significantly reduce or eliminate potential breeding sites for mosquitoes. This contributes to controlling the mosquito population and curbing the spread of diseases like malaria, dengue, and Zika.

3. **Date/Duration :** April 5, 2023
4. **Place:** Rajdanda
5. **Number of Participants :** Students - 39
6. **Detail description of the event:**

As part of Xaverian week, a river cleaning campaign was conducted by the NSS unit in collaboration with the Eco Club of the college on 5th April 2023. Students and professors from various departments gathered at the entrance at 10 am. The campaign began with the NSS Co-ordinator Asst. Prof. MaxentiusKujur addressing the gathering. Sir explained the importance of rivers and clean water. He assigned the work of cleaning Rajdanda River to a group of students belonging to various departments. Students then left for Rajdanda river. Students actively participated in cleaning the river and surrounding area too. They collected plastic and other waste materials from the river and disposed of them afterward. Students and professors took an oath to protect the river and keep it clean always. It was quite a good and knowledgeable experience for the students. The river cleaning campaign ended at 1:00 pm.

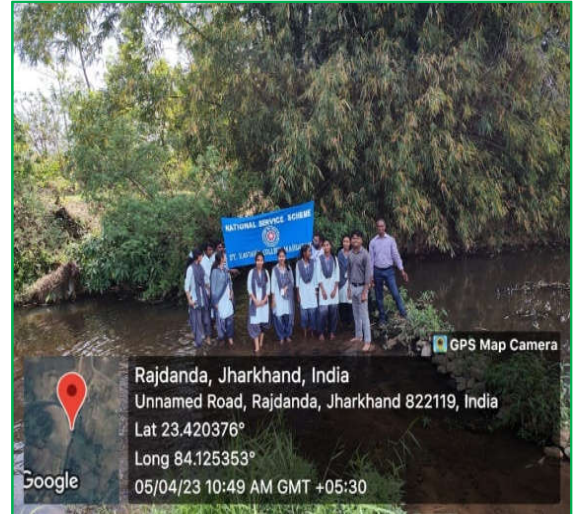

Outcome:The removal of debris and pollutants from the river likely had a positive impact on biodiversity. A cleaner river environment supports aquatic flora and fauna, contributing to a more balanced and thriving ecosystem.

4. **Number of Participants :** Students - 39
5. **Detail description of the event:**

On 10th of November, Department of Geography in collaboration with Eco-Club of St. Xavier's College Mahuadanr visited Rampur River for cleanup drive under the guidance of Ass. Prof. ShephaliPrakash and Asst. Prof. Dr. Areful Haque. The main objective of this drive was not only to reduce pollution but by sorting neighborhood trash and recycling as much as possible – can help to teach residents about recycling and about activities that will reduce the neighborhood's carbon print. Students collected the plastics in one place and then burned them. Students also together with the help of each other have cleaned the place. Students with faculty went to picnic spot. Students learned a lesson to clean water to stay physically healthy and prevent diseases caused by lack of adequate water, sanitation, and hygiene. They learned by protecting and restoring rivers, they can play a critical role in bending the biodiversity curve. Rivers are precious sources of fresh drinking water for people across the world.

Outcome:The cleanliness drive contributed to the improved aesthetic appeal of the river and its surroundings. Clearing the riverbanks of trash and debris enhances the visual quality of the area, making it more pleasant for residents and visitors.

The Eco-Club Committee & Department of Physics organized cleanliness drive to engage students in their civic duty of keeping the environment clean. The cleanliness drive was conducted on December 10, 2022 in ParhiKenatoli village. The students arrived at the village at 10:00 am. The faculty members were also present. The villagers gathered in the specified place. Asst. Prof. Sr. Jolly addressed the villages and spoke about the importance of cleanliness. Asst. Prof. Ajay Kr. Saw instructed the villagers to use two dustbins for Bio-degradable and non-degradable wastes to be deposited separately. The Lab technician Dipika Kujur took care of the arrangement of the program. The faculty members, students and the villagers collected the trash found along the road and dumped them in the pit.

The village got a very clean look with this cleanliness drive. The villagers were very grateful to the team. In return the department thanked the villagers for their wholehearted co-operation. It was a good and educating experience for all.

Outcome: The outreach program encouraged active participation from community members in cleaning public spaces. Community engagement fosters a sense of responsibility and ownership in preserving the natural environment.

Environmental Awareness Program was organized by the NSS committee & Department of Commerce on January 28, 2023. The theme of the program was "The Safety and Cleanliness of Environment". The main objective of this program was to raise public awareness about the safety and cleanliness environment in the society. The students of Semester III of the Department of Commerce along with Asst. Prof. Rose Alice Barla (HOD) and Asst. Prof. Amrit Minj were involved in this program.

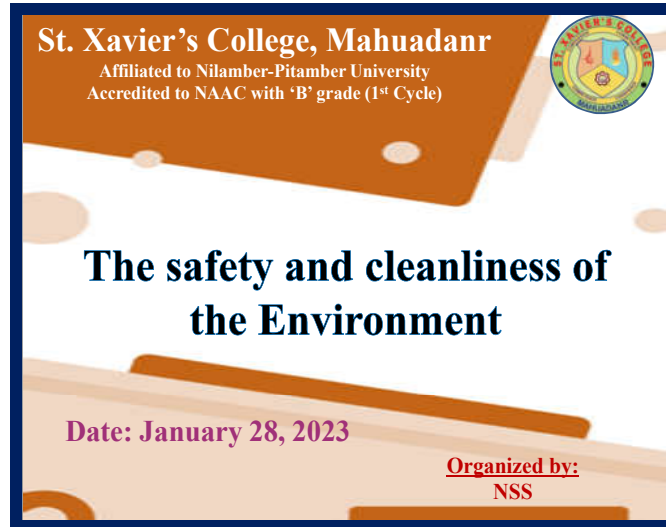

Children, women and elders of Dipatoli village (Mahuadanr) participated in the program. In the program, the participants were given information and suggestion on how to maintain environmental cleanliness and safety. Using very simple language, Asst. prof. Rose Alice Barla, and Asst. Prof. Amrit Minj told the villagers to pay special attention to the cleanliness of drains. They urged them not to throw garbage here and there and. They warned that many types of diseases prevented by staying clean and keeping the surrounding clean. Only an awakened person can create an awakened society.

The program concluded with a cleanliness drive where the students cleaned the nearby area. The vote of thanks was proposed by Asst. Prof. Amrit Minj.

Outcome: Ensured the safety and cleanliness of the environment can lead to numerous positive outcomes that contribute to the well-being of the community and the sustainability of the ecosystem.

Climate Action

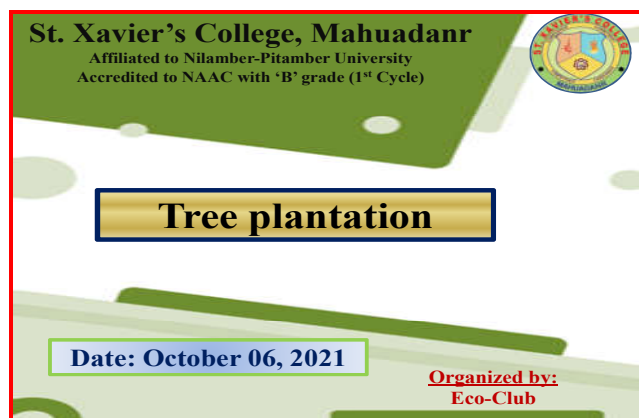

1. **Title of the Program:** Tree plantation
2. **Organizing Department / Cell:** Eco-Club
3. **Date/Duration:** October 06, 2021
4. **Number of Participants:** Students - 33
5. **Detail description of the event:**

The Department of English, in collaboration with Eco-Club, had organized tree plantation activity on 6th October, 2021 at Amboatoli, Mahuadanr. The students participated in the plantation activity enthusiastically and helped on each other in planting the saplings.

The students brought various saplings such as Ashoka, Neem, Belpatra, Mango, Guava, etc. The students also distributed five saplings to the villagers. All the saplings were planted by the villagers as well as the students. The students also pledged to look after the planted saplings and plant more and more trees. The students encouraged villagers to do the same. The environment-related awareness program was a huge success as it empowered the students with substantial knowledge of the environment and plants.

Outcome: The newly planted trees contribute to improved air quality by absorbing carbon dioxide and releasing oxygen during photosynthesis. This helps mitigate air pollution and creates a healthier living environment for the community.

5. Detail description of the event:

Eco Club in collaboration with department of Geography, St. Xavier's College, Mahuadanr, has conducted World Environment Day on the topic entitled "Go Green, Save Green: World Environment Day" on 5th June 2023 (Monday) at 10:00 am. The main objective of this event was to bring awareness about the importance of wetlands and enhanced the knowledge of the students about the protection and management of wetlands. The Welcome speech of this program was given by Assistant Professor Dr. MdAreful Hoque and anchoring of this programme was given by Assistant Professor Shephali Parakash. Assistant Professor Dr. MdAreful Hoque explained that forest fire also negative impacts on air pollution and our environment. Due to forest fire several animals and small plants are died and disturbed in ecological balance maintains. Naisa Suman Toppo, a student of Semester 3rd also highlighted the importance of Environment Day. She also explains that the theme World Environment Day 2023 was **Beat Plastic Pollution**. At the ends of this events all the students along with along the faculty members went for tree plantation drive near Rajdanada village of Mahuadanr. Lastly Vote of thanks of this wonderful program was given by Keerti Minj. At the end of this program there was many interactions and queries by the students with the faculty members. We extend our appreciation to the students for their cooperation, well discipline and adhering to the instructions for the grand success of this event.

Outcome: World Environment Day celebrations included tree planting initiatives. This lead to an increase in the number of trees in the villages, contributing to improved air quality, biodiversity, and overall environmental health.

- 2. Organizing Department / Cell:** Eco- Club
- 3. Date/Duration:** August 13, 2021
- 4. Number of Participants :** Students - 36
- 5. Detail description of the event:**

The Department of Botany and Eco-Club organized an awareness program on “Importance of local medicinal plant at Mahuadanr village” on 13th August 2021. This was organized because people of this area are not aware of the medicinal plants in their surroundings and their medicinal value. The students made the villagers aware of the variety of medicinal plants available in and around Mahuadanr. They explained the use of plants in the treatment of variety of diseases. Asst. Prof. Manisha Baxla spoke at length about the potentiality of the medicinal plants and the types of ayurvedic formulations that can be prepared from a variety of medicinal plants. Students distributed some medicinal plants like Neem, Tulsi, Mango, Gulmohar to the villagers for planting.

Outcome: Community members gain a deeper understanding of local medicinal plants, their properties, and traditional uses. This knowledge contributes to the preservation of indigenous wisdom related to herbal remedies.

4. **Number of Participants :** Students - 36
5. **Detail description of the event:**

'Gift a sapling' program was organized by Botany Department of St. Xavier's College in collaboration with Eco-Club at Rajdanda village on 04th November 2022, from 09 am to 12.00 noon. The purpose of the program was to create awareness of the importance of Forestation among the local people. Thirty-three students and four staff took part in the program. At the beginning, Sr. Kaslin explained the importance of Forestation. Subsequently, in different groups, the students went to different blocks of the village and donated a plant to each family as a gift and told them plant it in their campus. The students were overjoyed and felt fulfilled to be involved in this meaningful, creative and life promoting service to the villagers who were themselves thrilled to see the life asserting action taking place in front of them.

At the end, the villagers thanked the students for their good will and service minded act. The head of the village expressed his appreciation to the head of the College, the Principal for selecting their village for such an extraordinary service.

Outcome: The distribution of saplings contributed to an increase in the village's green cover. Planting more trees enhances the overall aesthetics of the area and provides numerous environmental benefits.

- 5. Detail description of the event:**

On November 10, 2022, Hindi Department of St. Xavier's College in collaboration with Eco- Club organized a tree plantation program in Government Middle School, Banskarcha.

The objective of the program was to raise awareness about the importance of trees and protection of environment. On this occasion, one of the teachers of the school addressed the students and shared valuable information related to environmental protection. He urged the students to protect trees to protect healthy environment around. Subsequently, a total of 80 saplings of rosewood, shagaon, mango and guava were planted by the teachers of the school. Finally, they all took a pledge to save the trees.

At the same time, during this tree plantation program, Ram Prakash Rai, Krishna Dwivedi, Shivmangal Singh, Narsingh Maurya, Pyarelal, Anita, Suchita, Ragini, Assistant Professor Abhay Sukut Dungdung, Asst. Prof. Reema Renu Kandulna, Meena Kumari Kujur, a teacher of Banskarcha Middle School and students teacher were present.

Outcome: Planting trees during the Van Mahotsav program contributed to an increase in the overall green cover, enhancing the aesthetics of the area and providing environmental benefits.

5. **Detail description of the event:**

A tree plantation program was organized by the department of Economics on December 07, 2022 in Beltoli village in collaboration with NSS cell.

The manifold objective of the program was to create awareness about the importance of trees, to decrease global warming, to reduce pollution and to increase green space.

The program started at 11:00 a.m. Asst. Prof. Maxentius Kujur, addressing the students, shared the information on the importance of trees and forests and encouraged students to save students and plant more trees. Following the address, tree plantation drive was carried out and 10 plants were planted at different places in the village and school premises.

Program concluded at 12:00 p.m

Outcome: The primary outcome is to increase in the green cover in Beltoli. Planting trees contributes to a visually appealing environment and provides various environmental benefits.

On 17thDecember 2023, the students History Department& Eco-Club, as part of their Outreach Program organized Environmental Awareness Session in Regain Government School for outreach Program. Thema in objective of the program was to bring awareness among the students about the detrimental effect of Deforestations. In the program Asst. Prof. Subodh Minj, Asst. Prof. Smita Tigga, Asst. Prof. Dibya Sobha Tigga and head Mistress and other three teachers of the school were present.

The session started with the introduction of the students and teachers of the school and stating the purpose of holding such a session. Asst. teacher Ahmad Sir gave a welcome speech to the gathering It was followed by a speech by Asst. Prof. Smita Tigga on the topic Deforestations. She highlighted the adverse effects of deforestation. Then students of Semester I presented a musical skit to the gathering to convey a message that we should protect trees for good environment.

Outcome: The initiative raised awareness among students about the importance of trees in sustaining life and maintaining ecological balance. Students gained a deeper understanding of the vital role trees play in supporting biodiversity, air quality, and overall environmental health.

6. **Detail description of the event:**

Environmental Awareness Program was organized by the Department of Commerce on 28 January 2023. The theme of the program was “The Safety and Cleanliness of Environment”. The main objective of this program was to raise public awareness about the safety and cleanliness environment in the society. The students of Semester III of the Department of Commerce along with Asst. Prof. Rose Alice Barla (HOD) and Asst. Prof. Amrit Minj were involved in this program.

Children, women and elders of Dipatoli village (Mahuadanr) participated in the program. In the program, the participants were given information and suggestion on how to maintain environmental cleanliness and safety. Using very simple language, Asst. Prof. Rose Alice Barla, and Asst. Prof. Amrit Minj told the villagers to pay special attention to the cleanliness of drains. They urged them not to throw garbage here and there and. They warned that many types of diseases prevented by staying clean and keeping the surrounding clean. Only an awakened person can create an awakened society.

Outcome: The program promoted cleanliness in the village, leading to a reduction in litter, waste, and pollutants. This, in turn, contributes to a cleaner and more hygienic environment for residents.

6. **Detail description of the event:**

On 11th of February 2023, Eco Club in collaboration with Department of Geography of St. Xavier's College Mahuadanr visited Ambatoli Village for plantation drive under the guidance of Asst. Prof. Shephali Prakash and Asst. Prof. Dr. Areful Hoque. The main objective of this drive was to plant 15 saplings and seedlings. Planting of trees helps to purify the polluted air that we breathe in. Planting more trees helps to keep in check the climate condition of place. Faculty staff was asked to explain to the students the importance of different trees that were planted. They are also informed about how planting trees helps to make the surrounding greener and how trees serve as homes to many birds and animals. Students learned a lesson on benefits of planting trees, how it helps cleaning the environment and uses of medicinal plants. Students pledge to plant as many trees as possible near our areas so as to create a very healthy environment and contribute in minimizing the climatic changes.

Outcome: The program increased the green cover in Ambatoli Village.

2. **Organizing Department / Cell :** NSS
3. **Date/Duration :** February 16, 2023
4. **Number of Participants :** Students - 37
5. **Detail description of the event:**

On February 16, 2023, the Hindi department of St. Xavier's College organized an awareness program to extinguish fire in Banskarcha village. Sudden fire causes loss of life and property, it also has a bad effect on the environment, so this kind of awareness program develops a sense of awareness among people and people can make their important contribution in keeping the environment safe. The incidents of setting fire to the forests in order to pick Mahua in Mahua season are continuing. Although many organizations are motivating people that setting fire to the forest is wrong. This is causing huge damage to the environment. On January 28, forests from Aksi to Banskarcha were set on fire. The fire was burning for two days. Baliram Manjhi, secretary of the Forest Rights Committee, took the initiative to douse the fire with the villagers of Banskarcha. Had to face a lot of trouble in extinguishing the fire. Niroj Manjhi, Babulal Manjhi, Mandhar Manjhi, Tulsi Manjhi, Mohan Manjhi, Teju Manjhi, Sahindra Manjhi, Pawan Kachuwa etc. Cooperated in extinguishing the fire. In this awareness program, Assistant Professor of Hindi Department Abhay Sukut Dungdung, Assistant Professor Reema Renu Kandulna and students were present.

Outcome: The program increased awareness within the community about the dangers of forest fires and the importance of preventing and controlling them. Residents become more informed about the causes and consequences of forest fires.

2. **Organizing Department / Cell :** NSS
3. **Date/Duration :** April 03, 2023
4. **Number of Participants :** Students - 23
5. **Detail description of the event:**

As part of the Xaverian Week Celebration, students and faculty of St. Xavier's College, Mahuadanr, conducted an awareness program with the theme 'Tying Rakhis on Trees' to celebrate Raksha-bandhan in a unique way. The event took place in different adopted villages of the Mahuadanr block, with the message to Save the Environment, Conserve Biodiversity, Save Trees, and Save Lives. Raksha-bandhan is traditionally seen as a symbol of protection, and the program aimed to highlight the strong bond of affection between a brother and sister, while also promoting the care and protection of nature.

The main objective of the event was to raise awareness about the importance of trees in our lives and emphasize our responsibility to safeguard them from illegal cutting and forest fires. Trees provide us with oxygen, shade during rain and heat, help purify the air, prevent soil erosion and landslides, and offer delicious fruits, among other benefits.

During the program, students, parents, and villagers tied rakhis to the trees, symbolizing their commitment to protect them. Everyone participated actively and with great enthusiasm. Approximately 100 trees were adorned with rakhis, and the students adopted them, promising to ensure their well-being. They also took the initiative to create awareness in neighboring villages, urging the villagers to protect existing trees and plant new ones.

NSS Coordinator, Assistant Prof. Maxentius Kujur, stated that the primary aim of the program was to raise environmental awareness among students. Trees play a crucial role in our lives, and it is our moral duty to safeguard them. Participants tied rakhis on the trees using red and green ribbons, symbolizing the heritage, medicinal value, and aesthetic appeal of these trees. They tied rakhis on various plant species, including Sal, Shisham, Sagwan, Jackfruit, Tulsi, Mahuwa, Mango, Neem, Camphor, Peepal, Banyan, Mahogany, Kadamb, Guava, and many more. Through this activity, students

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

expressed their affection and harmony towards nature, pledging to protect and conserve it for a cleaner, greener, and healthier environment.

The participants conveyed a message that every festival can be celebrated while respecting nature by using eco-friendly rakhis to protect the environment. The entire event was successfully coordinated by the NSS and Eco-club coordinators, along with other faculty members, students, parents, and villagers. The program concluded with a strong message and knowledge to protect Mother Earth.

Outcome: The program enhanced awareness within the community about the importance of protecting and conserving nature. Participants gained insights into the ecological significance of their surroundings.

The Department of Commerce with the collaboration with NSS played a key role during the Xaverian week. On 3rd April 2023, the professors and students of the Department went to Harijan Mohalla, Rampur village of Mahuadanr. All the villagers gathered under a tree. The HoD Asst. Prof. Rose Alice Barla addressed the villagers.

Tying Rakhi to Trees

The second important part of the program was tying rakhis to trees with the main objective of the protection of trees for a healthy environment. The students tied ribbons around the trees in the presence of the villagers, who were advised to protect the trees from cutting down.

Outcome: Increased environmental awareness, a symbolic connection with trees, community engagement

ADOPTED VILLAGE- RAJDANDA

The Department of Mathematics with the collaboration of NSS has adopted the village Rajdanda, Mahuadanr. The aim of this is to uplift and encourage the villagers. It organized various activities as part of the one week-Xaverian program at Rajdanda, Mahuadanr.

Tying Rakhi to trees with “Save Environment” Messages

In a unique initiative to protect the environment, the students of the Department of Mathematics with villagers tied ‘rakhi’ to trees and vowed to protect them. They also resolved to protect the trees from being cut down. The students also created awareness in the village and urge the villagers to protect the existing trees and also plant new ones. This was done by the students in an attempt to raise awareness about the environment.

Outcome: The program enhanced awareness within the community about the importance of protecting and conserving the environment. Participants gained insights into the ecological significance of trees and the broader ecosystem.

Awareness program on 'Utilization of Natural Resources'

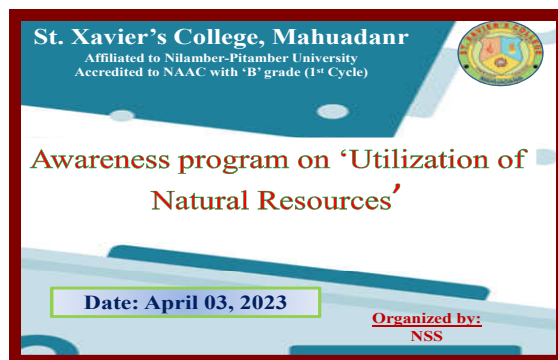

Dr Rajeev Tirkey interacted with the villagers and talked about the utilization of natural resources available in the village. Fr. talked about income through cultivation, collection of various food products like wood, Tendu leaves, Mahua flowers and seeds. Fr. also focused on clean drinking water. Fr. advised then to boil water before using it.

Tying Rakhi to Trees

To make the villagers aware of the importance of clean environment, "Rakhi for Trees" program was also organised there. The villagers, children and college students tied ribbons around nearby trees and promised to protect them for the next generation. The Representative of the village thanked the professors and students of the department for organizing such informative programmes and welcomed them for more programs in the future. The Professors also promised to come up with more programs in the future. Overall, it was a learning experience for all.

Outcome: The awareness program educates participants about sustainable practices for utilizing natural resources. This includes promoting responsible consumption, reducing waste, and adopting eco-friendly alternatives.

4. **Number of Participants :** Students -28
5. **Detail description of the event:**

On the occasion of Xaverian week, the Department of Hindi with the collaboration of NSS took a new initiative against deteriorating environment due to continual felling of trees and excessive land mining in Kurund- Soharpath border Korwa Tola of Soharpath Panchayat of Mahuadanr block on April 03, 2023. Hindi Department has started a special campaign in Korwa Tola on a line of Chipko movement. The rapid felling of trees and growing concrete jungle has damaged the society immensely. The department thinks that if this dangerous trend is not controlled now, the coming generations will suffer and perish. St. Xavier's College has started the practice of tying rakhi to trees, linking its campaign with Raksha Bandhan. This initiative of the college gives a strong message that trees and plants are our brothers and friends who give us life and protection. They are also crucial for environmental balance. We have full faith that this campaign will create awareness and motivation among people to plant trees instead of cutting them. Head of Department Asst. Prof. Abhay Sukut Dungdung emphasized that trees and plants are very useful for our safe life. No wonder the college runs a campaign to plant trees, and protect them. On the occasion of Raksha Bandhan, the women and youth of the village along with the college students have started a campaign to tell people about the importance of trees and plants and to tie Rakhi to protect them. All have to make a fundamental option to protect trees rather than cutting them down.

Outcome: Increased awareness within the community about the importance of tree protection. Participants gained insights into the ecological significance of trees, their role in environmental balance, and the benefits they provide.

Tree protection awareness program

The awareness program of tree protection was organized by NSS committee with the collaboration of department of physics. The students and teachers tied Rakhi on some trees along with the villagers for awareness of tree protection. The villagers' response and participation in the program was positive and hope generating.

The professors and the students felt that the program was effective and purposeful because the villagers listened attentively to the speeches and took active part in interactions and the cleaning activity.

Outcome: The awareness program educated participants about the vital role trees play in maintaining biodiversity, improving air quality, providing shade, and contributing to overall environmental health.

Life on Land

1. **Title of the Program :** International Day For the Preservation of Ozone Layer
2. **Organizing Department / Cell :** Eco-Club
3. **Date/Duration :** September 16, 2020
4. **Number of Participants :** Students-45
5. **Detail description of the event:**

Every year on 16th of September is celebrated as the International Day for the preservation of the ozone layer. The purpose of the day is to spread awareness to protect ozone layer by reducing the production of substances that are responsible for Ozone layer depletion. A PPT presentation was made in which topics like importance of Ozone layer; green- house effect, ozone depleting substances etc. were discussed. Ozone layer is a shield in the stratosphere. It contains high concentration of ozone. Ozone layer absorbs the ultra-violet radiation from the sun and so it is crucial for life on earth.

Outcome: Participants gained insights into the role of the ozone layer in protecting life on Earth from harmful ultraviolet (UV) radiation.

ADOPTED VILLAGE – GURGUTOLI

The Department of Geography has adopted Gurgutoli village of Mahuadanr as a social responsibility. Thus, it conducted various activities as part of the one-week Xaverian Programme at Gurgutoli.

Programme on ‘Causes and Preventing Measures of Child Labour Problems in Our Society’

Under the Xaverian Week programme, the Department of Geography, St. Xavier's College, Mahuadanr organized a society and family Awareness Programme on ‘Causes and Preventing Measures of Child Labour’ with the main objective of making the villagers aware of causes of child labour problems in our society along with preventive ideas and suggestions to eradicate this issue.

The villagers gathered under a Peepal tree. Dr. Md Areful Hoque addressed the villagers. Assistant Professor Shephali Prakash threw light on the serious issue of child labour, its causes, its impact on the child's psychology and the problems faced by him in society. Ma'am explained many causes mainly poverty, large family size, unemployment and lack of proper education among the parents, no awareness about the various schemes and policies related to education, etc. Miss Sweeti Kumari of Semester 6 explained different ways to eradicate child labour such as eradication of poverty, free and compulsory education, awareness to the parents, stopping hiring children below the minimum age, etc. The villagers interacted with the faculty members and students of Geography Department.

Importance of Education in our Life

The group also discussed the importance of Education in our life with the villagers. Dr. Md Areful Hoque explained that education, the backbone of society, is the most important weapon to change the world. It is Education that brings light to every family. Sir focussed on the importance of a girl child by saying that if you educate a

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

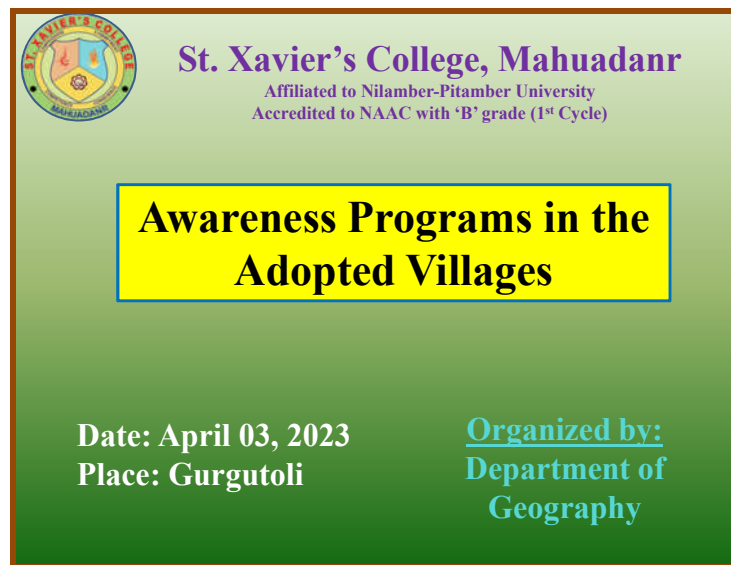

girl, you educate the whole family. The villagers promised to educate the girl children of their family.

Tying Rakhi to Trees Promoting 'Save Trees, Save Life'

Almost fifteen students of the department tied Rakhis with the villagers to the trees such as Mahua, Mango, Neem, Camphor, Peepal, Banyan, Seesham, Mahogany and many more with a pledge of protecting trees from illegal cutting to conserve nature and its resources to save the environment just like brothers and sisters. The students expressed their affection and harmony toward nature.

- 6. Outcome:** Awareness campaigns contributed to increase public understanding of the detrimental effects of child labor. Communities become more conscious of the rights of children and the importance of providing them with a safe and nurturing environment.

ADOPTED VILLAGE – HARIJAN MOHALLA, RAMPUR

The Department of Commerce has adopted Harijan Mohalla, Rampur village of Mahuadanr as a social responsibility. Thus, it conducted various activities as part of the one-week Xaverian Programme at Harijan Mohalla, Rampur.

The Department of Commerce played a key role during the Xaverian week. On 3rd April 2023, the professors and students of the Department went to Harijan Mohalla, Rampur village of Mahuadanr. All the villagers gathered under a tree. The HoD Asst. Prof. Rose Alice Barla addressed the villagers.

Awareness Program on 'Self Employment'

In this awareness program, the group discussed the general issues relating to the economy and employment with the villagers. Manish Kumar, a student of Sem V (Session 2020-23), focussed on self-employment. He said that small businesses with small capital should be given priority to solve the problem of unemployment prevailing in society. The villagers asked many questions and the professors and students clarified their doubts.

Awareness Program on 'Labor Migration'

The group also discussed one of the major issues 'labour migration'. A student Md. Faisal said that labour migration is common among the villagers. He said that people should not migrate in search of livelihood. They should try to find an alternative to migration in their own place instead.

Awareness Program on 'Child's Health'

A student Kaushalya Kumari discussed child's health with the parents. She said that all the children must get vaccinated on time to enjoy a healthy life as 'health is wealth'. She said that the children should inculcate healthy habits to avoid falling sick. She told the children about the advantages of good health. They learned a lot from this session.

Awareness Program on 'Drug Addiction'

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

The group discussed one of the burning issues 'drug addiction' with the villagers. Rajaram Ravi, a student of Sem V, said that drug addiction is a social evil that disturbs the peace of society. He talked about the harmful effect of drugs. At the end of the program, biscuits and toffee were distributed among the villagers. Asst. Prof. Amrit Minj thanked the villagers.

Tying Rakhi to Trees

The second important part of the program was tying rakhis to trees with the main objective of the protection of trees for a healthy environment. The students tied ribbons around the trees in the presence of the villagers, who were advised to protect the trees from cutting down.

6. **Outcome:** At the end of the program, the HOD Asst. Prof. Rose Alice Barla said that they would come up with more programs in this village and the villagers gave their consent on this matter. Overall it was a great success. The students as well as the villagers learnt a lot from this awareness program.

ADOPTED VILLAGE- RAJDANDA

The Department of Mathematics has adopted the village Rajdanda, Mahuadanr. The aim of this is to uplift and encourage the villagers. It organized various activities as part of the one week-Xaverian program at Rajdanda, Mahuadanr.

6. Brochure:

AWARENESS PROGRAM ON "EDUCATION"

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

All the students went door to door of some houses in the village and motivated the parents to send their children to school. Students also told the importance of education to the villagers and made them acquainted with some government schemes which are provided to the government schools. During the interaction with the villagers, several questions were asked by the villagers regarding education and students clarified their doubts with the help of professors.

The Department of Mathematics distributed pens, pencils, erasers and copies to the needy children of the village and some foodstuffs to the poor families as well. Students also encouraged the children to go to school daily without fail.

TEACHING

All students tried to motivate the school children of Parhi Nawatoli by teaching. Since teaching is a process of cooperative learning between teachers and the students, they tried to make the students familiar with their potentialities through their motivational words. Also, the college students taught them their syllabus. During this teaching program, the students developed their teaching skills, self-confidence, communication skills, leadership qualities, etc. They distributed chocolates to students.

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

TYING RAKHI TO TREES WITH "SAVE ENVIRONMENT" MESSAGES

In a unique initiative to protect the environment, the students of the Department of Mathematics with villagers tied 'rakhi' to trees and vowed to protect them. They also resolved to protect the trees from being cut down. The students also created awareness in the village and urge the villagers to protect the existing trees and also plant new ones. This was done by the students in an attempt to raise awareness about the environment.

Outcome:

As a result of the program, the villagers got some new information. The students as well as the villagers learnt a lot from this awareness program. Overall, it was a great success.

4. **Number of Participants :** Students - 36

5. **Detail description of the event:**

ADOPTED VILLAGE – DIPATOLI

The Department of Botany has adopted Dipatoli village of Mahuadanr as a social responsibility. Thus, it conducted various activities as part of the one-week Xaverian Programme at Dipatoli.

The Department of Botany held activities for the holistic development of students to bring about a change in the lives of rural people. As part of the Xaverian Week outreach programme, each class was encouraged to organize a Village outreach program to the adopted villages from April 1st to 6th 2023.

The Department of Botany went to the adopted village called Dipatoli. The students' interaction with the villagers exposed them to the daily lifestyle, social and economic conditions of the villagers. During the visit, different advantages and social evils were addressed.

Health and Sanitation:

The Cleanliness Drive carried out by students in the village allowed them to participate in large-scale clean-ups, further instilling the importance of cleanliness and the citizen's role in ensuring a healthy environment to co-exist in. This drive inculcated the habit of cleaning and maintaining a cleaner environment. The students donated a broom to each family and explained the importance of Health and Sanitation.

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

Facilities: The students informed villagers about the basic human rights and the facilities provided by the Governments, both from the Centre as well as State.

Farming and Agriculture: Sr. Kaslin Juliet gave a talk on the importance of farming and Agriculture which helps the villages to be self-reliant by creating new job opportunities,

eradicating poverty and improving rural society. The Economic development of a rural area primarily depends on the state of agriculture in that particular area. A decline in agricultural produce will adversely affect the economy.

Charitable Fund: The students were asked to collect money for a charitable fund to donate something to the villagers during the visit. The Charitable Visits opened the eyes and hearts of the students to the hardships and challenges faced by the less privileged. It gave them the opportunity to give back to society by extending a helping hand to government schools and to rural people who are less privileged. Such class visits open up students' minds to other kinds of experience and enables them to develop empathy to those who are suffering. It also encourages students to contribute generously from their savings and earnings.

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

Each One Teach One: Each One Teach One project was initiated by St. Xavier's College, Mahuadanr. The project focuses on providing a learning opportunity to children attending the nearby Government Hindi Medium Primary Schools. The Department of Botany had adopted the Government School in Dipatoli. These children were taught technical skills, art and craft, Math, written and spoken English. These efforts strive to make the best use of the infrastructure and facilities of the college to help these children develop important skills in an attempt to help them create better futures for themselves.

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

Illiteracy: The students addressed regarding Illiteracy which is a strong correlate of poverty and hunger and is mainly a rural phenomenon which hinders rural development and food security; threatens productivity and health, limits opportunities to improve livelihoods and to promote gender equity.

Malnutrition: Asst. Prof. Shalini Bara explained some of the reasons why the children get malnourished. The Prime reason is lack of access to diverse foods for mothers and children, proper hygiene and safe drinking water, as well as to health services. The chart format was presented to explain intake of certain food which would help them to keep right Diet.

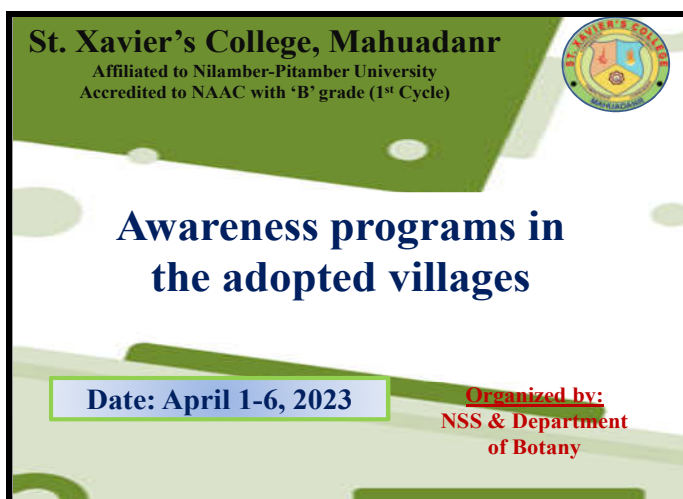

Feticide: Asst. Prof. Jane Marian Soreng gave a clear information regarding Abortion of a child in the mother's womb which refers to foeticide. The talk cleared the questions raised by many villagers regarding the health issues due to Abortion and its impact on Childlessness.

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

6. Brochure:

Outcome:As a result of the program, the villagers received new information that was well received by them. Their request was to conduct programs from time to time and to provide them with support. In this outreach program, students were sensitized to their duties and responsibilities within society and the community. Also, it served the citizenship training goal of education by developing soft skills, leadership skills, and team-building skills.

ADOPTED VILLAGE – BELTOLI

The Department of Economics has adopted Beltoli village of Mahuadanr as a social responsibility. Thus, it conducted various activities as part of the one-week Xaverian Programme at Beltoli.

Awareness Program on 'Ill effects of alcohol'

As part of the Xaverian week, a Village Outreach program was organized by the Department of Economics at Beltoli village of Mahuadanr on 4th of April 2023. The purpose of this program was to spread awareness regarding the ill effects of alcohol. The villagers gathered near Prathmik Vidyalaya run by state government. The HoD Asst. Prof. Maxentius Kujur talked about the adverse effects of alcohol on a person's physical and mental health, his family and society. Miss Sonia Ekka of Semester 5, urged the villagers to stop consuming alcohol for the sake of their family and society.

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

Awareness Program on 'Importance of clean environment'

The students and professors of the department also discussed the importance of clean environment with the villagers. They also informed the villagers about the adoption of the village by the department. HOD Asst. Prof. Maxentius Kujur explained the importance of clean environment and clean water in living a healthy life. Sir further said that clean water is vital to our health by helping us stay physically healthy.

Tying Rakhi to Trees

To make the villagers aware of the importance of clean environment, "Rakhi for Trees" program was also organised there. The villagers, children and college students tied ribbons around nearby trees and promised to protect them for the next generation.

Distribution

Pencil, eraser and sharpeners were distributed among the children by the students of the department. The children were very happy.

ADOPTED VILLAGE – BEHERATOLI

The Department of English has adopted Beheratoli village of Mahuadanr as a social responsibility. Thus, it conducted various activities as part of the one-week Xaverian Programme at Beheratoli.

Awareness Program on 'Importance of Education'

As part of the Xaverian week, a Village Outreach program was organized by the Department of English at Beheratoli village of Mahuadanr on 4th of April 2023. The purpose of this program was to spread awareness among the villagers regarding the importance of education. The HoD Asst. Professor Rashmi Suman Toppo addressed the villagers. Ma'am talked about the importance of education in one's life. Ma'am said that it is the key to success as it provides us many opportunities in life. It paves the way for us to have a good status in society. Ma'am encouraged the parents to send their children to school for education. The villagers interacted with the professors and students of the department.

Awareness Program on 'Parenting'

Dr Samir Toppo addressed the villagers. Fr. focused on parenting and parents' role in child education. Fr. said that the belief is that sending children to good school will bring better education but parents are the ones who can make all the difference. Teachers can never be a substitute to a parent. So, parents have to play vital role by keeping an eye on the activities of students. They must build a healthy relationship with children and they must abstain themselves from all the bad habits as children learn from their deeds and not from their words.

Awareness program on 'Utilization of Natural Resources'

Dr. Rajeev Tirkey interacted with the villagers and talked about the utilization of natural resources available in the village. Fr. talked about income through cultivation, collection

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

of various food products like wood, Tendu leaves, Mahua flowers and seeds. Fr. also focused on clean drinking water. Fr. advised then to boil water before using it.

Tying Rakhi to Trees

To make the villagers aware of the importance of clean environment, "Rakhi for Trees" program was also organised there. The villagers, children and college students tied ribbons around nearby trees and promised to protect them for the next generation.

Distribution

The Department of English distributed small buckets among the villagers. The villagers were very happy.

Awareness program on Tree protection

On the occasion of Xaverian week, the Department of Hindi with collaboration with NSS took a new initiative against deteriorating environment due to continual felling of trees and excessive land mining in Kurund- Soharpath border Korwa Tola of Soharpath Panchayat of Mahuadanr block on 3 April 2023. Hindi Department has started a special campaign in Korwa Tola on a line of Chipko movement. The rapid felling of trees and growing concrete jungle has damaged the society immensely. The department thinks that if this dangerous trend is not controlled now, the coming generations will suffer and perish. St. Xavier's College has started the practice of tying rakhi to trees, linking its campaign with Raksha Bandhan. This initiative of the college gives a strong message that trees and plants are our brothers and friends who give us life and protection. They are also crucial for environmental balance. We have full faith that this campaign will create awareness and motivation among people to plant trees instead of cutting them. Head of Department Asst. Prof. Abhay Sukut Dungdung emphasized that trees and plants are very useful for our safe life. No wonder the college runs a campaign to plant trees, and protect them. On the occasion of Raksha Bandhan, the women and youth of the village along with the college students have started a campaign to tell people about the importance of trees and plants and to tie Rakhi to protect them.

6. **Outcome:** It brought knowledge regarding fundamental option to protect trees rather than cutting them down.

History department, semester 6 students and Staff visited Jarhatoli village, Mahuadanr for *Swachh ghar Swachh samaj* mission. The purpose of the initiative was to bring awareness of cleanliness at home and around.

In preparation, the students collected Rs 10 each and purchased hand-wash liquid, kerchiefs, pens, pencils, pencil-sharpeners and erasers for distribution in the village.

Students and staff first visited the houses and called the villagers for the programme.

Meeting with the people

The Asst. Prof. Subodh Minj introduced the three Professors to the villagers and spoke about the importance of keeping homes and surroundings clean. They were reminded of the '*Swachh-Bharat Abhiyan*'

Home-made hand wash liquid

Asst. Prof. Smita Tigga demonstrated the method of making hand washing liquid. People were excited about it and promised to make it at home and use it regularly.

Then the staff and the students distributed among the people the things they had bought. The unexpected gifts filled them with boundless joy and gratitude.

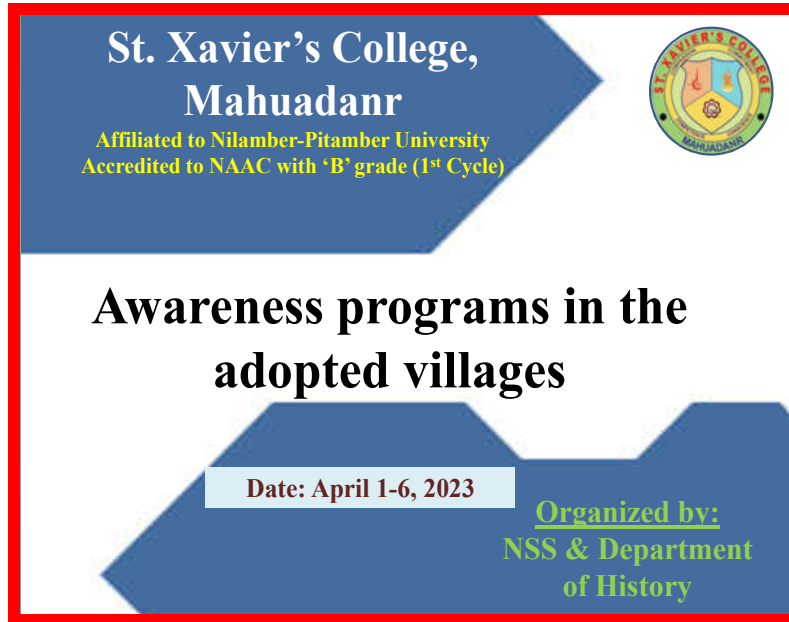

River Cleaning

To give an unexpected conclusion to the program, the visiting professors and students cleaned the nearby rivers, thus inspiring the villagers to do the same for their health and well-being.

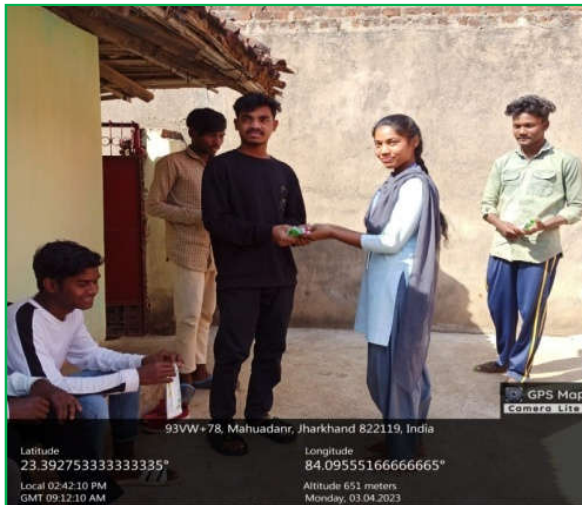

6. **Outcome:** The acknowledgment of the villagers' responsibility for a clean environment proved to be inspiring, earning heartfelt appreciation for the program.

5. **Detail description of the event:**

Department of physics conducted various programmes like village adoption, social awareness program, river cleanliness program and tree protection awareness program on the occasion of Xaverian Week on 3rd April 2023. The teaching staff, non teaching staff and all students of the department were present in these programs.

Social Awareness program

Rampur village, near Mahuadanr town was adopted by the Department of Physics, SXCM. In this village the department conducted an awareness program on cleanliness and social responsibilities. Asst. professor Ajay Kumar Saw, Asst. professor Sister Jolly and Asst. professor Md. Zafar Aqubal spoke to the villagers effectively on the subject. The villagers' participation in the program was quite good. At the end of this program the department distributed to the people some hand washing soaps.

River cleanliness program

The next activity was river cleaning. It was done by the department at Rampur river, which is an important river in Mahuadanr sub-division. Since the river was dirty, the students and staff cleaned both sides of the river by collecting garbage and other waste. This activity was supported by the Rampur villagers. After the cleaning activity Asst. Prof. Ajay Kumar Saw delivered a speech on river cleanliness.

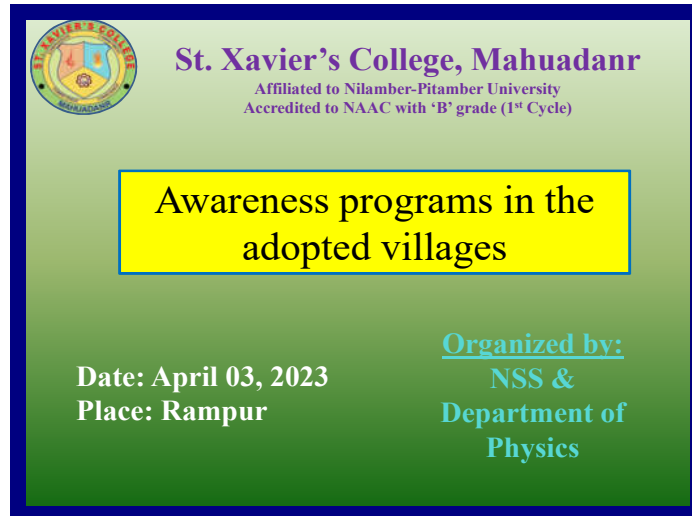

Tree protection awareness program

The last program of the day was awareness of tree protection. This program was also done by the department at the same village, Rampur. The students and teachers tied Rakhi on some trees along with the villagers for awareness of tree protection. The villagers' response and participation in the program was positive and hope generating.

6. **Outcome:** The professors and students deemed the program effective and purposeful as evidenced by the attentive engagement of the villagers during speeches, active participation in interactions, and enthusiastic involvement in the cleaning activity.
