Notice

Ban on Plastic Usage

Dear Students, Faculty, and Staff,

As part of our ongoing commitment to environmental sustainability and the reduction of plastic waste, we are pleased to announce the implementation of a comprehensive ban on the use of plastic in St. Xavier's College, Mahuadanr effective immediately.

The following guidelines and regulations will be enforced as part of the plastic ban:

- Single-use plastic items such as plastic bags, bottles, cutlery, cups, straws, and food containers are strictly prohibited on campus.
- The sale, distribution, or promotion of any plastic products on campus is strictly prohibited.
- All college-sponsored events, conferences, and workshops must adhere to the plastic ban policy.
- Recycling facilities and waste segregation bins will be strategically placed across the campus. We urge everyone to utilize these facilities appropriately and dispose of waste in the designated bins.
- Awareness campaigns, workshops, and seminars will be organized periodically to educate and empower our community members about the harmful effects of plastic pollution and the importance of sustainable alternatives.

For any questions, suggestions, or further information regarding the plastic ban, please contact sxcm DANR@gmail.com or visit the college.

Notice

It is to state that St. Xavier's College, Mahuadanr has taken initiative to protect the environment and promote responsible electronic waste management. The College is organizing an E-Waste Collection Drive to dispose of electronic waste in an eco-friendly manner.

To contribute to the global efforts in reducing electronic waste pollution, we invite all the students, teaching and non-teaching staff to participate in the E-Waste Collection Drive. This event is an opportunity for each one of us to take responsibility for our electronic waste and ensure it is recycled and reused responsibly.

Date: 28th June 2023

Time: 1.00 p.m to 3.00 p.m.

Location: Computer Lab

Accepted E-Waste Items:

- Computers and laptops
- Mobile phones and accessories
- Printers, scanners, and photocopiers
- Televisions and monitors
- Cameras and camcorders
- Audio and video equipment
- Electronic toys and gadgets
- Small kitchen appliances

Please note that we will not be accepting large household appliances or any hazardous waste other than electronic waste.

Guidelines for E-Waste Collection:

- Please ensure that all personal data is erased from the devices before donation.
- Place the e-waste items in the designated collection containers carefully to avoid damage.
- If possible, pack the items in old newspapers or cardboard to provide extra protection during transportation.
- Do not dispose of e-waste in regular trash bins or open areas.

By participating in this E-Waste Collection Drive, you are actively contributing to a cleaner environment and supporting sustainable practices in electronic waste management. Let us join hands to create a greener and healthier future for generations to come.

For any questions or further information, please contact: 8789082459

Thank you for your cooperation and participation.

1. **Title of the Program** : Environment Week- “Awareness program on Plastic Pollution”
2. **Organizing Department / Cell** : NSS
3. **Date/Duration** : 13th June 2023
4. **Detail description of the event**

The Department of Political Science organized an awareness program on Plastic Pollution on 5th June 2023 at St Xavier's College Mahuadanr. The objective of the program was to create awareness among students and people on Plastic pollution. Plastic pollution is today one of the most serious environmental problems affecting the people and environment badly. Assistant Professor Rajeev Kumar Mahto and Assistant Professor Avinash Yadav told students the bad affects of use plastic for health and environment. Students requested people to avoid the use of plastic bags and things made of plastic in order to make a clean and green environment surrounding them. They also insisted people to use things that can easily be recycled. The aim behind organizing this program was to give awareness to students and villagers about keeping the environment clean and safe from plastic pollution.

1. **Title of the Program** : Environment Week- “Popularization of Life”
2. **Organizing Department / Cell** : Department of English
3. **Date/Duration** : 12th June 2023
4. **Detail description of the event** :

The Department of English of St. Xavier's College, Mahuadanr conducted a programme on the topic “**Popularization of life**” as part of the Environmental week that is observed in the college. The students of the department have prepared the slogans to promote the awareness of the importance of life on this planet. At the beginning of the programme Fr. Principal has addressed the staff and students and appreciated the initiatives and said that Environment Day acts as a platform that helps create awareness about various issues that have adverse effects on the environment, like global warming, overpopulation, pollution, and crime against wildlife. The environment plays an integral role in maintaining the balance of the ecosystem we live in. Sometimes don't understand the importance of the environment and end up damaging it with t various activities. If we continue to degrade the environment, the adverse effects will affect human beings too. So, to protect the environment, we should focus on sustainable development. In this way, the demands of human beings will be met without overexploiting the natural resources of the environment.

on "Climate Change"
2. **Organizing Department / Cell** : NSS
3. **Date/Duration** : 12th June 2023
4. **Detail description of the event** :

An awareness programme on "Climate Change" was conducted by the Department of Geography on 12th of June 2023, under Nilamber-Pitamber University's Environment Week programme. The students of Geography department participated. The main objective of this programme was to spread awareness regarding recent Global Warming situation and dramatic climate change problems. Students were also sensitized about what major steps we can take individually or contribute our support by our actions to better and save our Mother Earth. To welcome students, welcome speech was given by Assistant Professor Shephali Prakash Head of the Geography Department and she briefly explained them about the theme "Climate Change". To move further Assistant Professor Dr. Md Areful Hoque elaborated the theme of Environment Day 2023 'Solution to Plastic Pollution' and Slogan 'Green Today, Clean Tomorrow'. He said that it is high time to take individual responsibility rather than pointing others for initiatives. He also explained about one life one tree motive but at the same time he informed that the current circumstances require one life ten tree motive.

1. **Title of the Program** : Observation and Rectification on the wastage of water
2. **Organizing Department / Cell** : NSS
3. **Date/Duration** : 28th January 2020
4. **Detail description of the event**

Students & Professors of the Department of Chemistry and non-teaching staff participated in a special drive for water conservation on the college campus in collaboration with NSS on 28th January 2020.

Following observation and rectification made on the wastage of water:

- Rainwater from the roof is stored in a tank for irrigation purposes. Instead, it can be stored related to the technique of “Water harvesting” in order to control the overflow of the tank.
- During the rainy season, rainwater flows towards the river.
- Instead, it can be channelized to a pond for land water storage.

1. **Title of the Program** : Swacchhta Pledge
2. **Organizing Department / Cell** : NSS
3. **Date/Duration** : 16th January 2020
4. **Detail description of the event**

Students of Semester-1 gathered in Lecture Theater - I of the College on 16th January 2020 at 11:00 am for the oath taking ceremony which was organized by NSS. The program started with an address by the Principal Dr. Fr. M. K. Joseph S.J. He also spoke about the need to inculcate values of cleanliness and hygiene in life. Asst. Professor George Samuel explained the pledge to everyone then requested to take the pledge. The Swacchhta Pledge was repeated by everyone in English and Hindi. The pledge spoke about bringing a revolution of cleanliness and hygiene in the country which was the dream of Mahatma Gandhi. It also made everyone to promise and dedicate 200 hours per year (or 4 hours per week) for cleanliness and also inspire others to do the same. After the pledge was taken, the Principal discussed with the students the forthcoming events which were going to be organized under the "Swacchhta Pakhwada 2020". At the end, everyone took an oath to live a clean and hygienic life.

1. **Title of the Program** : **Cleanliness Drive**
2. **Organizing Department / Cell** : **NSS**
3. **Date/Duration** : **11th March 2019**
4. **Detail description of the event** :

On 11th March 2019, the students of the Departments of Hindi and Chemistry, in coordination with the NSS, took up the task of cleaning the Rajdanda River, which is situated close to the adopted village of Rajdanda. The participants of this cleanliness drive fished out all non-degradable garbage from the river. They also dug a small pool in the river so that the villagers would get sufficient clean water for regular use. The villagers responded very positively to this Drive and helped the students in the task. At the end, the Professors present in the Drive spoke to the villagers on the importance of keeping the river clean. The villagers took an oath and promised to keep the area surrounding the river plastic-free. A total number of 35 students actively rendered their service to this social cause.

3. **Date/Duration** : **24th September 2018**
4. **Detail description of the event** :

On the occasion of NSS Day, an awareness program was arranged to motivate the students on their social responsibilities. As per development of the college and to encourage students to know the names of various species, a Botanical Garden with green house was inaugurated by the Principal Dr. M.K. Jose on 24th September, 2018. The purpose of the botanical garden is the collection, cultivation, preservation and display of a wide range of featured plants. It also entails the creation of an Herbal garden. The role is to maintain documented collections of living plants for the purposes of scientific research and education. The Departments of Botany and Geography students gave a shape for the garden and planted saplings. Through this short event students learned the importance of plants and having a green house. The initiative was taken by the Botany department headed by Sr. Kaslin Juliet and supported by the department of Geography, Eco-club and NSS.

The main objective of this event was to bring awareness about the importance of wetlands and enhanced the knowledge of the students about the protection and management of wetlands. The Welcome speech of this programme was given by Assistant Professor Shephali Parakash and anchoring of this programme was given by Assistant Professor Dr. Md Areful Hoque. Assistant Professor Dr. Md. Areful Hoque explained that day by day wetlands are decreasing. In India, 4.63 areas are only covered. The major causes of wetland decreasing are Urbanization, climate change, agriculture etc. He also explained that the biggest wetland found in India is Sundarban areas of West Bengal and in Tamil Nadu state has maximum numbers of wetland. Wetland is the home of migratory birds; wetlands play an important role for purifying the water. Arpit Kerkatta, a student of Semester 3rd also highlighted the importance of Wetlands. He also explains that the theme of World Wetland day 2023 was **Wetlands Restoration**. After the end of this event all the students along with faculty members went for cleaning of Rajdanda seasonal river and various wetlands of those regions. Lastly Vote of thanks of this wonderful programme was given by Keerti Minj. We extend our appreciation to the students for their cooperation, well discipline and adhering to the instructions for the grand success of this event.

1. **Title of the Program** : River Cleanliness Drive
2. **Organizing Department / Cell** : Eco-Club
3. **Date/Duration** : 10th November 2022
4. **Number of Participants** : 40

5. **Detail description of the event:** On 10th of November, Department of Geography in collaboration with Eco-Club of St. Xavier's College Mahuadanr visited Rampur River for cleanup drive under the guidance of Ass. Prof. Shephali Prakash and Asst. Prof. Dr Ariful Hoque. The main objective of this drive was not only to reduce pollution but by sorting neighborhood trash and recycling as much as possible – can help to teach residents about recycling and about activities that will reduce the neighborhood's carbon print. Students collected the plastics in one place and then burned them. Students also together with the help of each other have cleaned the place. Students with faculty went to picnic spot. Students learned a lesson to clean water to stay physically healthy and prevent diseases caused by lack of adequate water, sanitation, and hygiene. They learned by protecting and restoring rivers, they can play a critical role in bending the biodiversity curve. Rivers are precious sources of fresh drinking water for people across the world.

1. **Title of the Program** : Importance of Organic Farming
2. **Organizing Department / Cell** : Eco-Club
3. **Date/Duration** : 10th December 2022
4. **Number of Participants** : 40

5. **Detail description of the event:** Eco Club in collaboration with the Department of Geography, St. Xavier's College, Mahuadanr, has conducted an outreach program on 10th December 2022 on the importance of organic farming. With a growing concern for health and increasing demand for organic food, organic farming is practicing now days. It creates a safer, cleaner, and more sustainable environment for agriculture and food production in local areas. On 10th December 2022, the students of Geography, under the supervision of the Eco-Club Coordinator and faculty of Geography Dept. St. Xavier's College, Mahuadanr, visited to organic farming at Hami village, for one day hands-on training programme. The students were given detailed about organic farming cultivation and marketing and its importance in the present scenario. Students were informed how drip irrigation system helps to save water also makes easier in removing unwanted grasses. They are helped to link the theoretical facts with practical observation and understand their significance. The students get interested to experience and become more aware of the wide world around them and directly experience various geographical concepts, elements, and processes.

1. **Title of the Program** : Tree Plantation Drive
2. **Organizing Department / Cell** : Eco-Club
3. **Date/Duration** : 11th February 2023
4. **Detail description of the event** :

On 11th of February 2023, Eco Club in collaboration with Department of Geography of St. Xavier's College Mahuadanr visited Ambatoli Village for plantation drive under the guidance of Asst. Prof. Shephali Prakash and Asst. Prof. Dr Areful Hoque. The main objective of this drive was to plant 15 saplings and seedlings. Planting of trees helps to purify the polluted air that we breathe in. Planting more trees helps to keep in check the climate condition of place. Faculty staff was asked to explain to the students the importance of different trees that were planted. They are also informed about how planting trees helps to make the surrounding greener and how trees serve as homes to many birds and animals. Students learned a lesson on benefits of planting trees, how it helps cleaning the environment and uses of medicinal plants. Students pledge to plant as many trees as possible near our areas so as to create a very healthy environment and contribute in minimizing the climatic changes.

1. **Title of the Program** : **World Population Day**
2. **Organizing Department / Cell** : **Eco-Club**
3. **Date/Duration** : **11th July 2022**
4. **Detail description of the event** :

July 11th is globally observed as 'World Population Day '. On this occasion an outreach program was conducted by the Eco-Club in collaboration with Department of Geography, under the guidance of Asst. Prof. Shephali Prakash at Gurgutoli village. The main objective of this outreach program was to bring awareness to the villagers that how climate crisis especially affects those who are more vulnerable and marginalized and women are being counted among those observed to be more vulnerable to the impacts of the world's poor and rely more on Earth's natural resources Pooja Kumari informed villagers how they are also at greater health and safety risks when sanitation system becomes compromised as a part of the disappearing resources. Students made people aware about general awareness through street plays and slogans. Rajmuni Baraik informed villagers that how this gender inequality worsens the situation for women and young girls who are already in fragile living conditions. Lastly the villagers interacted with our students and faculty members. The event was concluded with the Vote of thanks proposed by Assistant Professor ShephaliPrakash that without gender equality today, a sustainable future and an equal future will remain beyond our reach.

3. **Date/Duration** : 26th July 2018
4. **Detail description of the event** :

As the green auditing embarked on an exhausting review of the resources available in the campus, a short seminar on **“Sustainable Use of Natural Resources”** was conducted by Tarumitra Team in the College on 26th July, 2018. Fr. Robert Athekal, the Director of Tarumitra and Miss Devapriya Minj the Member of Tarumitra were the resource persons of the day. They were welcomed with a grand gesture of welcome song and bouquet. Highlighting the theme of the program, Miss Devapriya and Fr. Robert Athekal gave a brief introduction and its benefits through power point presentation. They also brought awareness in students by stating **“Nature is the best Teacher for every individual”** as well as encouraged students to preserve nature and join as the member of Tarumitra. As a hallmark of the program, two of our students Anjana Sonam, Dept. of Hindi, Hemant Minj, Dept. of English and two of our staffs Asst. Profs. Rahul Bhatt and Rashmi Kandulna were presented saplings to plant in our campus. It was indeed a marvelous day for the college and students.

1. **Title of the Program** : **World Water Day**
2. **Organizing Department / Cell** : **Eco-Club**
3. **Date/Duration** : **22nd March 2018**
4. **Detail description of the event** :

Eco Club conducted a small programme on the occasion of “World Water Day” on 22 March 2018. The theme of the program was “Nature for Water”, which explores natural based solution to the water challenge we face in the 21st century. The main objective of this event was to bring awareness about the importance of water in our lives and focuses on innovative solution for water crisis based on natural systems. It makes for an essential building block of life. Through PPT students learned about protecting precious resource and challenges they should take to advocate for nature based solution for water management in our community. Students created awareness on scarcity of water, water pollution, inadequate water supply etc. in the country and some of the remedies for pollution free society.
