FACULTY DEVELOPMENT PROGRAMS

FDP ON COVID-19 AND ITS CHALLENGES FOR HIGHER EDUCATION IN INDIA

On 8th July, 2021, St. Xavier's College, Mahuadanr conducted a Faculty Development Program on the theme "Covid 19 and its challenges for higher education in India". The eminent resource person for this program was Prof. Dr. Ram Lakhan Singh, Vice Chancellor, Nilamber Pitamber University, Medininagar, Palamu. The honorable resource person addressed the faculty and talked about Covid-19, its challenges and problems faced by students and teachers during the Covid-19 pandemic. He said that the shift has not been easy in a developing country like India with a vast disparity in the socio-economic backgrounds of students and the quality of educational institutions. Prof. Dr Ram Lakhan Singh said that the pandemic opened the door to a new method of teaching i.e., online teaching and learning. It gave rise to new methods and techniques and the world is switching to online from offline teaching. He pinpointed the hardships faced by the teachers and students. The biggest problem is network problems. Poor students do not have smartphones to attend classes. However, they have a hunger for knowledge. He praised the endeavours of all the professors for their hard work

in shaping the future of students and instilling hope in them by imparting knowledge and quality education to them. Prof. Dr Ram Lakhan Singh acknowledged and highlighted the achievements of the institution. He was extremely happy that the institution has progressed so well in a short period.

FDP ON 'ROLE OF A TEACHER'

On November 23, 2021, an FDP was conducted at St. Xavier's College, Mahuadanr. Fr. D'Souza was an eminent speaker for the FDP.

First and foremost Fr. D'Souza appreciated everyone's effort and contribution to the institution. Fr. D'souza focused on self-evaluation and self-discovery. He encouraged the professors to help children discover themselves and teach children what is right and wrong. Fr. further said that teachers must teach students to excel in all areas. He also spoke about the infrastructure and facilities which help students grow. He encouraged all

professors to be competent teachers, better learners and teachers. The most important thing is that a teacher must be a good leader and have command over their subjects. He narrated a beautiful story of a female teacher who changed a student from his deprivation of losing his mother to be a motivated person for a better life. The story forced everyone to think about our contribution to the growth of the students.

The program came to an end with the vote of thanks proposed by Asst. Prof. Shashi Shekhar from the Department of Botany. Overall, it was an

illuminating and informative session.

FDP ON IMPROVING THE QUALITY AND SKILLS OF TEACHERS

On 24th February, 2022 the Department of History organized a Faculty Development Program. In this

faculty development program the keynote speaker specifically insisted on improving the quality of knowledge of teachers and how they should be informed and knowledgeable people. First of all, if teachers understand the syllabus then only will they be able to deliver it to the students. The teachers should encourage students to use the library constantly and should build research habits. The speaker also said that the teachers should be encouraged to take quality research work. The ideal teachers should be teachers not only on the academic campus but outside the campus too. To improve the quality and skills of the teachers, there should be programs like a webinar, FDP, and workshop organized for the teachers at the college level. The teachers should be encouraged to attend seminars at state, national and international levels. The speaker also underlined the importance of seminars to improve the quality of teachers.

FDP ON HUMAN VALUES AND PROFESSIONAL ETHICS

St. Xavier's College conducted an FDP on "Human Values and Professional Ethics" on 2nd March, 2022. The Resource Person Rev. Dr Theodor Mascarenhas, the Auxiliary Bishop of Ranchi and

The seminar came to end with the vote of thanks given by Asst. Prof. Aaliya Nadim.

REPORTS ON INTELLECTUAL PROPERTY RIGHTS

On 28th of May, 2022, The Department of Hindi organized a program on the topic “Intellectual Property Rights”. During the program Asst. Prof. Rema Renu Kandulna said that man gives birth to many inventions and new creations with his intelligence. He also has full rights over those particular inventions, however the protection of this right has always been a matter of concern. This is where the debate on intellectual property and intellectual property rights begins. If we create an original creation and this creation is used by any

other person illegally for their own benefit, then it is a clear violation of the rights of the creator.

Roshni Osga, a student of VI Semester, explained what the intellectual property rights are. She said

that Intellectual property rights are the rights provided to individuals over their intellectual creation. In fact, it is understood that if a person creates any kind of intellectual creation (such as creation, research, invention etc.) Since this right is given only for intellectual creation, it is called intellectual property right.

INTELLECTUAL PROPERTY RIGHT CELL

On 22nd March, 2022, the Department of Political science organized a seminar Intellectual Property Right. Asst. Prof. Rajiv Mahto started his input session with the introduction of IPR, telling that in contemporary times, translational research transforms into services or products. Intellectual Property Rights (IPRs) help in protecting and commercializing the inventions. The IPR Cell was established in the College with the aim to provide

assistance to the students and alumni interested in the matters of IPR. The Cell offers assistance to the students in protecting their interests, the rights over their Intellectual property, prior-art search report,

patentability opinion, drafting patent specification, preparing filing documents, filing application and follow-up, prosecuting the filled application by responding office action such as FER, advisory services on various IPR, and IP management. To this end, the committee organizes various capacity building workshops and conferences on IPR and reviews IP policy of the College. The IPR Cell of the College ensures speedy and accurate identification and protection of innovations arising out of the research work carried out by the students and alumni of the College. The IPR Cell will also facilitate transfer of knowledge and technology from the college to industry and enhance the scope of their commercialization. Moreover, the cell also aims to offer assistance to grass-root innovators of the local area.

The Department of Political Science of the college organised an Environment Observation Program for the students on 20th April 2022. All the students along with faculty members of political science went to nearby areas of the college to observe the environment. The objective of this program was to make the students get a better understanding of nature and environment. The

students saw the beauty of nature, Greenery of forest, Biodiversity, clean rivers and a healthy and balanced environment. Through this program students understood the importance of a balanced ecosystem and environment for the healthy life of human beings and wildlife. This program was interesting and very enriching for the participants.

GENDER EQUITY PROGRAM ON “ELIMINATE THE DIFFERENCE”

Gender sensitization is the process of transforming men and women's stereotype mentality, a mind-set that strongly believes men

and women are unequal creatures that must operate in separate socioeconomic spaces. St. Xavier's College, Mahuadanr is committed to the cause of gender equity. The curricular initiatives undertaken for the purpose include the decision to offer such programs mainstream ideas of gender studies and equip students from science and commerce streams, in addition to those of humanities courses, to become informed consumers as well as ethical participants in popular culture.

The department of Geography had organised its Gender Equity Program on 7/5/22. Assistant Professor Keerti Minj and Shephali Prakash took students to Rajdanda village for this program.

This program was initiated by the slogan of '**Beti Bachao Beti Padhao**'. A street play was presented by students of semester -IV who showed how female foeticide is prevalent in some areas. They gave a strong message to the people to save the girl child. At the end, Assistant Professor Shephali Prakash briefly explained the message of street play. In these program villagers of Rajdanda, students of semester-IV and college staff were present.

These were the goals discussed in the program and focus was given:

- End discrimination against and exploitation of women and girls.

- End all violence and exploitation of women and girls.
- Eliminate forced marriages.
- Value unpaid care and promote shared domestic responsibilities.
- Ensure full participation in leadership and decision making.
- Universal access to reproductive health

and rights.

- Equal rights to economic resources, property ownership and financial services.
- Promote empowerment of women through technology.
- Adopt and strengthen policies and enforceable legislation for gender equality.

The program was very much appreciated by the villagers.

SAVE GIRL CHILD, EDUCATE GIRL CHILD

On May 10th, 2022, the Department of English organized an outreach program on “Beti Bachao Beti Padhao”. The group consisting of professors and students of the department headed to create awareness among the people about the importance of girl child. The objective was to discourage them against the female feticide, cancer for the society. There was a huge enthusiasm among the

professors and the students for the program. They mentioned the names of some female achievers in all the fields such as Kalpana Chawla, Mary Kom, Priyanka Chopra, Deepika Kumari, Sakshi Malik, P. V. Sindhu, Geeta Phogat, Indira Gandhi etc. Their speeches instilled the girl-students with pride and courage.

The students went there with banners and placards carrying messages like -Beti Bachao Beti Padhao, Save Girl Child - Educate Girl Child, Girls: The pride of the country, If Girls survive, the earth will survive and so on. They also performed a skit before the villagers. The children enjoyed the skit. The awareness program came to an end with a pledge of saving and educating girls. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and transfers between accounts.

Next, the document outlines the process of reconciling bank statements with the company's records. It stresses the need to identify and explain any discrepancies, such as outstanding checks or bank errors, to ensure that the books are in balance. Regular reconciliation is presented as a key practice for preventing fraud and detecting errors early.

The document also covers the classification of assets and liabilities. It provides guidance on how to categorize different types of property, equipment, and debts, ensuring that they are reported correctly on the balance sheet. This section highlights the importance of using consistent accounting methods to allow for meaningful comparisons over time and across different periods.

Finally, the document discusses the preparation of financial statements, including the income statement, balance sheet, and statement of cash flows. It provides a step-by-step guide to calculating each component, from determining net income to finding total assets and liabilities. The goal is to ensure that the final statements provide a clear and accurate picture of the company's financial health.
